

Book Presentation

The British Library marked the centenary of its philatelic collections in October with a reception, at which Chairman Commander Michael Saunders Watson, left, presented a copy of the recently published *Catalogue of the Crawford Library of Philatelic Literature at the British Library* to Francis Kiddle, librarian of the Royal Philatelic Society, London. The library's Panizzi Medal was presented to A.D. and R.G. Burnett, Peter Langmead, and H.W.P. Harrison, who have given or made available collections to the library. The reception was partly sponsored by the Crown Agents.
