

## APPENDIX B.

### THE PRINCIPAL SOURCES OF INFORMATION FOR PHILATELIC LITERATURE COLLECTORS.

(This list was originally published in the "Journal of the Philatelic Literature Society" of January and April, 1908, but has since been revised and augmented.)

#### I.—SEPARATE WORKS AND ARTICLES.

ALDRICH (E. B.)—See AMERICAN PHILATELIC ASSOCIATION.

AMERICAN PHILATELIC ASSOCIATION—Annual reports of the committee on philatelic literature. In *The American Philatelist and Year Book of the American Philatelic Association*, Vols. XIII.-XXII. 1899-1908.

8°, 10 in.

\* \* A good deal of information is contained in these reports about new publications, especially of journals and works issued in the United States and Canada. The second report, that of 1900, was republished in separate form, and this report contains a valuable list of the philatelic periodicals of Switzerland compiled by William Chenevard, of Geneva. The list has the titles arranged alphabetically and the names of the publishers, place, date and numbers issued are given in each instance. The report of 1908 contains a "Bibliography of Scandinavian Papers." This list, which was compiled by Dr. Otto Rommel, first appeared in *Nordisk Filatelistisk Tidskrift* for February, 1908, and was afterwards reproduced in condensed form by E. K. Aldrich in the number of *The Philatelic World*, Minneapolis, Minn., for April 15, 1908. A note to the report in *The American Philatelist* states that the list, as there presented, "has been quite fully revised and corrected." The list is divided under the headings: "Denmark—Norway—Sweden—Finland," the titles of the journals are in each instance arranged chronologically, and particulars are given in each case of the name of the publisher and the place, the date and the number of parts issued.

ANDERSON (F. J.)—Notes on early English philatelic literature. In *The Philatelic Record*, London, Vol. VII., Nos. 76, 77, 79, 80, May, June, August, September, 1885; Vol. VIII., No. 85, February, 1886.

8°, 8 1/2 in.

\* \* These papers trace out the history of the commencement of English philatelic notices and literature, and are further particularly valuable as they contain an account of stamp articles in the English non-philatelic magazines of 1860-1864, in addition to a description of the purely philatelic works published during those years.

— Bibliography of philately. In *Notes and Queries*, London. Eighth series, No. 167, March 9, 1896.

4°, 8 1/2 in.

\* \* A carefully compiled and useful list of works and articles in philatelic journals dealing with philatelic bibliography to the end of 1894.

— Stamp collecting and its literature forty years ago. In *Notes and Queries*, London. Ninth series. No. 240, August 2, 1902.

4°, 8 1/2 in.

\* \* This and the following article may be considered as supplementary papers to those by the same author in *The Philatelic Record* of 1885 and 1886. Like the earlier articles, these two are of an equally interesting description.

ANDERSON (F. J.)—Stamp collecting and its literature. In *Notes and Queries*, London. Tenth series. No. 17, April 23, 1904.

4°, 8 1/2 in.

\* \* A reprint of this was published in *The London Philatelist* for May, 1904.

APPLEY (R. H.) and CLARK (H.)—List of philatelic literature published up to the end of 1902. In *The City Philatelist*, Cork, Ireland, Nos. 3-6, January, May, October, December, 1903.

8°, 7 1/2 in.

\* \* The above consists of a list of the journals of Great Britain only, and in No. 3 the latter part of the title reads: "to the end of 1901." The list gives the title, publisher and address, volumes and numbers issued of each journal. The arrangement of the titles is alphabetical, but subject to a chronological order under each letter of the alphabet.

[ATLEE (W. D.)—English and continental philatelic literature. In *The Stamp Collector's Monthly Gazette*, St. John, New Brunswick, Vol. II., No. 24 and supplement, May, June, 1867.

8°, 9 in.

\* \* The title of the article in the supplement reads: "English and Foreign Philatelic Literature." The list in the May number was republished in *The Philatelist*, London and Brighton, Vol. I., No. 8, July 1, 1867, under the title "English Philatelic Literature," and the list in the June supplement was embodied by the author in two articles in *The Philatelist*, Vol. I., Nos. 11 and 12, October 1, November 1, 1867, referred to below.

— English philatelic publications. In *The Philatelist*, London and Brighton, Vol. I., No. 11, October 1, 1867.

8°, 8 1/2 in.

\* \* The list is divided into five sections: "Miscellaneous Manuals—Price Catalogues—Albums—Album Titles—Music," and was published as a continuation of the article on English philatelic periodicals which appeared in the July number of the same journal.

— Continental philatelic publications. In *The Philatelist*, London and Brighton, Vol. I., No. 12, November 1, 1867.

8°, 8 1/2 in.

\* \* The list contains three sections: "France—Germany—Italy," the two first being subdivided into "Periodicals—Manuals—Albums—Price Catalogues—Photographs—Music," there being only one entry, that of a manual, under Italy.

8<sup>o</sup>. 84 in. xiii. + 74 pp. Coloured paper wrapper.

\* \* \* This work was reprinted from the *Bulletin de la Société Française de Timbrologie*, Nos. 4-10, July, 1876-January, 1878, and forms the second volume of the *Bibliothèque Timbrologique de la Société*. The publications of each country are kept separate, and these two divisions are subdivided under eight headings: "I. Catalogues. II. Publications spéciales. III. Journaux spéciaux. IV. Albums. V. Articles insérés dans divers ouvrages ou dans divers journaux. VI. Prix Courants, Annonces, Prospectus. VII. Dessins, Cartes, Vignettes, Photographies. VIII. 8<sup>o</sup>. 94 in. 31 pp. + (1) p. Coloured paper wrapper.

\* \* \* The arrangement is alphabetical, the monographs and catalogues being given under the names of the authors and the journals coming in under the first word of each title, without, as usual, taking account of the article "The" etc., when present. The list is somewhat marred by the fact that it contains no cross references, and no details whatever, not even the date, are given of some of the journals listed.

8<sup>r</sup>. 82 in. 29 pp. + (1) p. Coloured paper wrapper.

\* This and the following lists by the same author are amongst the most useful works of reference on philatelic journals published in English, as they are so compiled that the collector can cross off each individual part as he obtains it, and sees at once exactly what he has and what he has not got. The lists are all arranged on the same principle, i.e. the titles of the journals are grouped under their proper letters of the alphabet, but in each case in chronological order.

— Supplement to the comprehensive check list of philatelic papers and magazines, consisting of two parts. Part one: A list of all known omissions and corrections of all known errors in the original work. The article of Herr König was reprinted in *Der Philatelist*, Dresden, Vol. xxvii., November 1905, and also in *Die Deutsche Briefmarken-Zeitung*, Leipzig, Vol. xvi. November and December, 1906. The article gives an excellent review of philatelic literature describing the various works published on catalogues, essays, reports, forgeries, watermarks, fiscal and local stamps: in account of the early handbooks and catalogues, and works on postcards and monographs on stamp issuing countries.

8<sup>r</sup>. 83 in.

\* The works are arranged under the name of the author, or under that of the publisher when no author's name appears, in alphabetical order without regard to the language or country of origin. This is undoubtedly the simplest and best method for reference purposes, but the usefulness of the catalogue is impaired by its being broken up into no less than five divisions, under the heading:—"Première Période (1861-1900).—Supplément Omissions (1861-1900).—Supplément et Omissions (1901-1908)."

**TIFFANY (J. K.)**—The Philatelic library. A catalogue of stamp publications. . . .

*St. Louis, Mo., Cambridge, Mass., [printed], 1874.*

8°. 104 in. vi + (4) + 110 + (2) pp. Coloured paper wrapper.

\* The edition was limited to one hundred and fifty numbered copies. This was the first published bibliography of philatelic literature in a separate form. The work is divided into three parts: I. Philatelic journals and works. II. Price-lists, circulars, etc. III. Stamp articles in non-philatelic magazines, works on the post office, etc. Part I. is sub-divided into eight divisions under the countries: "American"—"Danish"—"Dutch"—"English"—"French"—"German"—"Italian"—"Spanish". Part II. includes nine countries: the first eight the same as for Part I., and the addition of "Russian," and Part III. has eight headings: "Articles on stamp collecting"—"History of postage stamps"—"History of post office reform"—"History of the post office"—"Postal periodicals"—"Postage stamp games"—"Postage stamp music"—"Postage stamp photographs". The usefulness of the work is somewhat impaired by these numerous divisions, by the absence of cross-references and by the insertion of the journals under the name of the publisher instead of under the title. Notwithstanding these defects the work contains much information as regards details of the early publications that is to be found nowhere else, and it remains to this day one of the most valuable sources of information for the philatelic literature collector.
