In progress

34 Oct. 1st of Nov. 1891
now 173 (94)

* * * There is a title-page and an index to each year. The first four years are octavo 10 inches, the next six years (1878-83) are octavo 12 inches and the remainder are octavo 9 1/2 inches. Nos. 7-88 were published by Louis Senf, and commencing with no. 89 the journal has been published by Gebrüder Senf. From January 1, 1894, it has been published fortnightly. A copy of the prospectus of the journal is bound up at the end of volume 1; there is a "Probenummer" of no. 123, the contents of which are copied from part of the contents of no. 122, some copies of no. 293 were issued with "Probe-Nummer" in red at the top of the front page and there is a "Probenummer" of no. 1, 1904, the contents of which differ in several portions from those of the ordinary no. 1 of that year. Nos. 91 and 92, and 112 and 116 were severally published together under the respective dates of "Juli-August, 1881" and "Juli-August, 1889". There are no pages 31, 32 of the third year, no. 154, on page 69, is numbered "Nr. 3" in place of "Nr. 4," no. 140 is dated "18 Oktober," on page 261 and "18 Oktober" on page 283, nos. 161 and 162 are both dated "4 September," no. 166, for November 19, 1896, is wrongly numbered "165" and nos. 1 and 2 of 1902 are wrongly numbered "253" and "254," instead of "543" and "544," respectively. Nos. 289 and 289 were also published together under a paper wrapper inscribed "Erinnerung an die II. Internationale Postwertzeichen-Ausstellung des Bayerischen Philatelisten-Vereins, München 1899." There are special supplements with the titles "Allgem. Anzeiger," "Allgemeiner Briefmarken-An-

zeiger," "Offertenblatt für Briefmarken-Sammler," "Beiträge zur Postwertzeichen-Kunde," and "Der Vereins-Bote," particulars of which will be found given under their respective names, and a reference to "Mercur" should also be made. In 1903 to the end of 1905 parts of the work "Lehrbuch der Briefmarkenkunde. Ein Hilfs- und Nachschlagewerk, von Theodor Haas," were included in many of the numbers and in 1906 1/4 parts of the "Handbuch aller bekannten Neudrucke" . . . von P. Orlt were presented with some of the numbers. A number of supplementary pages, but without separate titles, are also scattered throughout the various volumes. There is a reprint of no. 286, in which many of the illustrations are coloured and much of the text part is different and a reprint of no. 282 in which the matter on pages 20-24 differs. Nos. 631 and 632 were also reprinted. In the reprints of these two numbers the advertisements on pages 130, 151, 161, 194, 195 and 170 are totally different, the notice at the foot of page 132 and the list of contents, etc. at the foot of page 156 also vary.
