* Edited by L. Hancian. Vol. 1 is folio and the remaining volumes are octavo. There are two numbers for December, 1863 — "16 Décembre" and "31 Décembre". There is a title-page and a list of contents in each volume with the exception of vol. 1. The last numbers of the year 1900 were issued in advance: number 456, dated "Décembre" being published early in the previous August. There is a "Prix-courant" supplement to nos. 15-24 of LXXXIV (42) pages; to nos. 25-36 of LXXXV (pages); to nos. 37-47 of 48 pages; and to nos. 49-60 of 66 pages; a supplement of (12) pages of illustrations of caricatures, etc., of the Midway envelope to no. 70; a "prix-courant" of 24 pages to the seventeenth year; and two supplements to the twenty-seventh year, the first: a price list of "Timbres-Postes Russes" 4 pages; the other: a price list of "Timbres de Belgique", etc., 3 pages. "Le Timbre fiscal" was given as a supplement to nos. 198-408 and in January, 1897, it was amalgamated with the journal under the title "Le Timbre-poste et le Timbre-fiscal", and was continued thus to the last number of December, 1900. The number for June, 1878, is wrongly numbered "125" in place of "126," no. 260 is dated "Juillet" in place of "Août," no. 385 "Septembre" instead of "Octobre," no. 408 "Novembre" in place of "Décembre" and no. 443 "Avril" instead of "Mai". Nos. 271 and 272 and nos. 450 and 451 were severally published together under the respective dates "1865, Juillet-Août" and "Jan. 1866, 1900". Nos. 271 and 272 were printed on paper with a "Numéro Jubilaire" of xxxvii pages. There are paper wrappers to nos. 294-297, to the "Numéro Jubilaire," and to nos. 371-379. No. 340 and nos. 343-348 are bound with their first page of each number headed "Supplément à la Revue Philatélique Suisse". These numbers were so printed for circulation with nos. 4-9 of the "Revue Philatélique Suisse" for the year 1891. Nos. 1 and 2 were reprinted by J. Van Buggenhoudt, (see) in 1889 and nos. 15 and 16 by A. Van Buggenhoudt in 1875, and the entire first volume was re-arranged and reprinted with a title-page and a table of contents in octavo size in 1887. The reprints of nos. 1 and 2 and 13-16 differ from the original numbers in the type and the arrangement of some of the articles and certain of the engravings differently. A copy of the prospectus issued in January, 1897, is bound up in front of no. 409. This was the first philatelic journal published in Belgium.

[Special edition printed on various coloured papers.]

* This edition consists of 36 vols. viz., the years 1865-1900 inclusive and the respective contents of year 1863. The volumes for the years 1864 and 1865 were not printed on coloured paper. The "Numéro Jubilaire" of 1887 belonging to this edition is printed on white paper much superior in quality to that of the ordinary edition.
