

Addenda to the "Supplement to the Catalogue of the Philatelic Library of the Earl of Crawford, F.R.C."

By SIR EDWARD D. BACON, K.C.V.O.

SINCE the publication of the "Supplement to the Catalogue" in 1926 I have come across some further additions, which should find a place in the work. These include certain interesting desiderata, details of which collectors of philatelic literature may like to have.

Besides those items the two Honorary Librarians of the Royal Philatelic Society, London—Mr. Percy de Worms and Colonel H. Wood—to whom I tender my grateful thanks, have been good enough to allow me to incorporate in the list notes of additions and corrections to the "Crawford Catalogue" they have made during their re-arrangement of the library of the Society.

For librarians and collectors of philatelic literature perhaps the most useful way for reference purposes will be for them to insert the "Addenda" at the end of the "Supplement to the Catalogue."
