TREATIES AND CONVENTIONS.

Postal convention between the Empire of Japan and the United States of America.

Aug. 6, 1873.

The undersigned, being thereunto duly authorized by their respective governments, have agreed upon the following articles, establishing and regulating the exchange of correspondence between the Empire of Japan and the United States of America:

Contracting parties.

ARTICLE I.

There shall be an exchange of correspondence between the United States of America and the Empire of Japan, by means of the direct line of United States mail-packets plying between San Francisco and Japan, as well as by such other means of direct mail steamship transportation between the United States and Japan, as shall hereafter be established, with the approval of the respective Post Departments of the two countries, comprising letters, newspapers, printed matter of every kind, and patterns and samples of merchandise, originating in either country, and addressed to and deliverable in the other country, as well as of correspondence of the same nature originating in or destined for foreign countries to which the United States and Japan may respectively serve as intermediaries.

Correspondence to be exchanged.

ARTICLE II.

The post office of San Francisco shall be the United States office of exchange, and Yokohama the office of exchange of the Empire of Japan, for all mails exchanged between the United States and Japan.

Offices of exchange.

The two Post Departments, by agreement, may establish additional offices of exchange whenever it shall be found necessary.

ARTICLE III.

No accounts shall be kept between the Post Departments of the two countries upon the international correspondence, written or printed, exchanged between them, but each country shall retain to its own use the postages which it collects at the rates fixed by this convention.

No accounts.

The single rate of international letter-postage shall be fifteen cents in the United States and fifteen sen in Japan on each letter weighing fifteen grammes ($\frac{1}{2}$ ounce) or less, and an additional rate of fifteen cents or fifteen sen for each additional weight of fifteen grammes ($\frac{1}{2}$ ounce) or fraction thereof, which shall, in all cases, be prepaid one single rate by means of postage-stamps of the country of origin at the office of mailing in either country. Letters unpaid, or prepaid less than one full rate of postage shall not be forwarded, but insufficiently-paid letters, on which a single rate or more has been prepaid, shall be forwarded, charged with the deficient postage, to be collected and retained by the Post Department of the country of destination. Letters fully prepaid, received in either country from the other, shall be delivered free of all charge whatsoever.

Rates of letter-postage.

Unpaid and short-paid letters.

Postage to be reduced. It is, however, formally agreed that the single rate of international letter-postage shall be reduced to twelve cents in the United States and to twelve sen in Japan, at the expiration of twelve months from the date of carrying this convention into effect.

Rates of newspaper postage. The United States post-office shall levy and collect to its own use, on newspapers addressed to or received from Japan, a postage-charge of two cents, and on all other articles of printed matter, patterns and samples of merchandise addressed to or received from Japan, a postage-charge of two cents for each weight of two ounces or fraction of two ounces.

The post-office of Japan shall levy and collect to its own use on newspapers and other articles of printed matter, patterns and samples of merchandise addressed to or received from the United States, the regular rates of Japanese domestic postage chargeable thereon by the laws and regulations of the Empire of Japan.

Printed matter, etc., to be subject to laws, etc., of country.

Newspapers and all other kinds of printed matter, patterns and samples of merchandise, shall be subject to the laws and regulations of each country respectively, prescribing the conditions of their publication and circulation, and also with regard to their liability to be rated with letter-postage when containing written matter, or for any other cause specified in said laws and regulations, as well as in regard to their liability to customs duty under the revenue laws of either country.

ARTICLE IV.

Fines on insufficiently-paid letters.

Every international letter insufficiently paid, received in the United States from Japan shall, in addition to the deficient postage, be subject to a fine of six cents, to be retained by the United States post-office; and every international letter insufficiently paid, received in Japan from the United States, shall, in addition to the deficient postage, be subject to a fine of six sen, such fine to be retained by the Japanese post-office.

ARTICLE V.

Exchanges with United States postal agency at Shanghai.

There shall be an exchange of correspondence between the Japanese post-offices of Yokohama, Hiogo and Nagasaki, and the United States postal agency at Shanghai, China, by means of United States or Japanese mail-packets plying regularly on the route between the ports of Japan and Shanghai, comprising letters, newspapers, printed matter of every kind, patterns and samples of merchandise, originating in Japan and addressed to Shanghai, or originating in Shanghai and addressed to Japan. The correspondence so forwarded in either direction between Japan and Shanghai shall give rise to no accounts between the two Post Departments, but each shall levy, collect, and retain to its own use the following postage-rates on the correspondence which it forwards to the other, the same to be in full of all charges to destination.

Rates on exchanges at Shanghai.

On correspondence from Shanghai for Japan, there shall be levied and collected at the United States Postal Agency at Shanghai, a postage of six cents per each single rate of half an ounce or under on letters, two cents each on newspapers and prices-current, and two cents per each weight of two ounces or fraction of two ounces on other articles of printed matter, patterns or samples of merchandise.

Rates on exchanges in Japan.

On correspondence from Japan for Shanghai, there shall be levied and collected at the office of mailing in Japan, a postage of six sen per each single rate of fifteen grammes or under on letters, and the established rates of Japanese domestic postage on other articles of printed matter, patterns or samples of merchandise.

Short-paid or unpaid exchanges.

Correspondence not fully prepaid to destination at the rates fixed by this article will not be forwarded.

ARTICLE VI.

Each country grants to the other the privilege of transit of closed mails exchanged in either direction between the latter and any country to which the other may serve as an intermediary, by its usual means of mail transportation, whether on sea or land.

Transit in closed mails.

The rates of postage to be paid by the Japanese Post Department to the United States Post Department for the territorial, or territorial and sea transit, of all correspondence in closed mails, sent or received through the United States for or from countries or places beyond, shall be as follows:

Rates for transit through United States.

(1.) On closed mails, either for or from Mexico, British Columbia, Canada, and other British North American Provinces, when transmitted entirely by land-routes, six cents per thirty grammes for letter-mails, and thirty-two cents per kilogramme for all kinds of printed matter, patterns and samples of merchandise.

(2.) On closed mails either for or from British Columbia, or other British North American Provinces, Mexico, Central and South America, or the West India Islands, when transported to or from the United States by sea, twenty-five cents per thirty grammes for letter-mails, and forty cents per kilogramme for printed matter of all kinds, patterns and samples.

(3.) On closed mails either for or from Great Britain, Germany, and other countries of Europe, the same rates of territorial and sea postage as those established by the postal conventions between the United States and each of those countries respectively.

The rates of postage to be paid by the United States Post-Office to the Japanese Post-Office for the territorial, or territorial and sea transit of correspondence in closed mails sent through Japan for transmission to or from countries and places beyond, shall be agreed upon between the two Post Departments when the exercise of the privilege is required.

Rates for transit through Japan.

The country which sends or receives closed mails through the other shall render an account of the letters, newspapers, book-packets, and patterns contained in such closed mails.

Accounts.

ARTICLE VII.

The two Post Departments of the United States and Japan shall establish, by agreement, and in conformity with the arrangements in force at the time, the conditions upon which the two offices may reciprocally exchange, in open mails, the correspondence originating in or destined for foreign countries to which they may respectively serve as intermediaries.

Open-mail exchanges of foreign mails.

It is always understood, however, that such correspondence shall only be charged with the rates applicable to direct international correspondence, augmented by the postage due to foreign countries, or by any other tax for exterior service.

ARTICLE VIII.

The United States Post-Office shall account to the Japanese Post-Office for the sum of two cents upon every single paid letter from foreign countries sent through the United States in ordinary mails and prepaid to destination in Japan.

Account on open foreign mails by United States.

ARTICLE IX.

All passengers' letters sent back to the United States by passing mail steamers on the high seas, shall be paid in full, at ten cents per single rate, with United States postage-stamps; and all passengers' letters sent

ARTICLE XI.

Letter-bills. Letter-bills shall accompany each mail from one country to the other, containing an account of the weight of each class of correspondence, both international and transit; and the accounts arising between the two offices on the different classes of transit correspondence shall be stated, adjusted, and settled quarterly, and the balance found due on such correspondence shall be promptly paid over by the debtor office to the creditor office in such manner as the creditor office may desire.

Accounts.

Expenses of additional sea-service between United States and Japan.

So long as the Government of the United States shall maintain, at its own expense, the existing line of semi-monthly mail-steamers between San Francisco and Yokohama, it is mutually agreed that the Government of Japan shall defray the entire expenses of the sea transportation of all correspondence which shall be transmitted in either direction by any other line of mail-steamers plying between the sea-ports of the two countries.

ARTICLE XII.

Closed-mail transfers without charge.

When in any port of either country a closed mail is transferred from one vessel to another, without any expense to the office of the country where the transfer is made, such transfer shall not be subject to any postal charge by one office against the other.

The official correspondence between each government and its legation near the other shall be conveyed to its destination free of postage, and with all the precaution which the two Governments may find necessary for its inviolability and security.

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA.

A PROCLAMATION.

Preamble.

Whereas a convention relative to the extradition of criminals, fugitives from justice, between the United States of America and the Ottoman Empire was concluded and signed by their respective Plenipotentiaries at Constantinople on the eleventh day of August, 1874, the original of which convention, being in the English and French languages, is word for word as follows:

Contracting parties.

The United States of America and His Imperial Majesty the Sultan, having judged it expedient, with a view to the better administration of justice and to the prevention of crimes within their respective territories and jurisdiction, that persons convicted of or charged with the crimes hereinafter specified, and being fugitives from justice, should, under certain circumstances, be reciprocally delivered up, have resolved to conclude a convention for that purpose, and have appointed as their Plenipotentiaries: the President of the United States, Geo: H. Boker, Minister Resident of the United States of America near the Sublime Porte; and His Imperial Majesty the Sultan, His Excellency A. Aarifi Pasha, his minister for Foreign Affairs; who, after reciprocal communication of their full powers, found in good and due form, have agreed upon the following articles, to wit:

Les Etats-Unis d'Amérique et Sa Majesté Impériale le Sultan, ayant jugé convenable, afin d'assurer une meilleure administration de la justice et prévenir les délits dans leurs territoires et juridictions respectifs, de se livrer réciproquement, dans certaines circonstances déterminées, les personnes condamnées ou accusées des crimes indiqués ci-après, qui se seraient soustraites à la poursuite de la justice, ont résolu de conclure une convention d'extradition, et ont nommé à cet effet pour leurs Plénipotentiaires: le Président des Etats-Unis d'Amérique, George H. Boker, Ministre Résident des Etats-Unis d'Amérique près la Sublime Porte, et Sa Majesté Impériale le Sultan, Son Excellence Aarifi Pacha, son Ministre des Affaires Etrangères; lesquels, après s'être réciproquement communiqué leurs pleins pouvoirs, qui ont été trouvés en bonne et due forme, ont arrêté et signé les articles suivants, savoir:

ARTICLE X.

La liberté du transit est garantie dans le territoire entier de l'Union.

En conséquence, il y aura pleine et entière liberté d'échange, les diverses Administrations postales de l'Union pouvant s'expédier réciproquement, en transit par les pays intermédiaires, tant des dépêches closes que des correspondances à découvert, suivant les besoins du trafic et les convenances du service postal.

Les dépêches closes et les correspondances à découvert doivent toujours être dirigées par les voies les plus rapides dont les Administrations postales disposent.

Lorsque plusieurs routes présentent les mêmes conditions de célérité, l'Administration expéditrice a le choix de la route à suivre.

Il est obligatoire d'expédier en dépêches closes toutes les fois que le nombre des lettres et autres envois postaux est de nature à entraîner les opérations du bureau réexpéditeur, d'après les déclarations de l'Administration intéressée.

L'Office expéditeur paiera à l'Administration du territoire de transit une bonification de 2 francs par kilogramme pour les lettres et de 25 centimes par kilogramme pour les envois spécifiés à l'art. 4, poids net, soit que le transit ait lieu en dépêches closes, soit qu'il se fasse à découvert.

Cette bonification peut être portée à 4 francs pour les lettres et à 50 centimes pour les envois spécifiés à l'art. 4, lorsqu'il s'agit d'un transit de plus de 750 kilomètres sur le territoire d'une même Administration.

Il est entendu toutefois que par tout où le transit est déjà actuelle-

there will be no necessity on this head for any accounts between the several Administrations of the Union.

Neither the senders nor the addressees of letters and other postal packets shall be called upon to pay, either in the country of origin or in that of destination, any tax or postal duty other than those contemplated by the Articles above mentioned.

No other taxes or duties collectible.

ARTICLE X.

The right of transit is guaranteed throughout the entire territory of the Union.

Right of transit guaranteed.

Consequently, there shall be full and entire liberty of exchange, the several Postal Administrations of the Union being able to send reciprocally, in transit through intermediate countries, closed mails as well as correspondence in open mails, according to the requirements of trade and the exigencies of the postal service.

Full liberty of exchange guaranteed.

Closed mails and correspondence sent in open mails must always be forwarded by the most rapid routes at the command of the Postal Administrations concerned.

Speed in transmission required.

When several routes offer the same advantages of speed, the despatching Administration shall have the right of choosing the route to be adopted.

Choice of routes.

It is obligatory to make up closed mails whenever the number of letters and other postal packets is of a nature to hinder the operations of the re-forwarding office, according to the declaration of the Administration interested.

When closed mails shall be made up.

The despatching Office shall pay to the Administration of the territory providing the transit, the sum of 2 francs per kilogramme for letters and 25 centimes per kilogramme for the several articles specified in Article 4, net weight, whether the transit takes place in closed mails or in open mails.

Payments to territory providing transit.

This payment may be increased to 4 francs for letters and to 50 centimes for the articles specified in Article 4, when a transit is provided of more than 750 kilometers in length over the territory of one Administration.

Increase of transit payments.

It is understood, however, that in any case in which the transit is

ment gratuit ou soumis à des taxes moins élevées, ces conditions seront maintenues.

Payments for sea-transit.

Dans les cas où le transit aurait lieu *par mer* sur un parcours de plus de 300 milles marins dans le ressort de l'Union, l'Administration par les soins de laquelle ce service maritime est organisé aura droit à la bonification des frais de ce transport.

Cost of sea-transit to be reduced.

Les membres de l'Union s'engagent à réduire ces frais dans la mesure du possible. La bonification que l'Office qui pourvoit au transport maritime pourra réclamer de ce chef de l'Office expéditeur ne devra pas dépasser 6 francs 50 centimes par kilogramme pour les lettres, et 50 centimes par kilogramme pour les envois spécifiés à l'article 4, (poids net).

Not to be higher than now paid.

Dans aucun cas ces frais ne pourront être supérieurs à ceux bonifiés maintenant. En conséquence, il ne sera payé aucune bonification sur les routes postales maritimes où il n'en est pas payé actuellement.

Weight of transit mails, how ascertained.

Pour établir le poids des correspondances transitant, soit en dépêches closes, soit à découvert, il sera fait à des époques qui seront déterminées d'un commun accord une statistique de ces envois pendant deux semaines. Jusqu'à révision le résultat de ce travail servira de base aux comptes des Administrations entre elles.

When revision may be demanded.

Chaque Office pourra demander la révision :

1° En cas de modification importante dans le cours des correspondances;

2° A l'expiration d'une année après la date de la dernière constatation.

Exceptions to Indian mail.

Les dispositions du présent article ne sont pas applicables à la Malle des Indes, ni aux transports à effectuer à travers le territoire des Etats-Unis d'Amérique par les chemins de fer entre New-York et San-Francisco. Ces services continueront à faire l'objet d'arrangements particuliers entre les Administrations intéressées.

Across the United States.

already actually gratuitous or subject to lower rates, those conditions shall be maintained.

Whenever a transit shall take place *by sea* over a distance exceeding 300 nautical miles within the district of the Union, the Administration by or at the expense of which this sea-service is performed shall have the right to a payment of the expenses attending this transport.

The members of the Union engage to reduce those expenses as much as possible. The payment which the Office providing the sea-conveyance may claim on this account from the despatching Office shall not exceed 6 francs 50 centimes per kilogramme for letters, and 50 centimes per kilogramme for the articles specified in Article 4, (net weight.)

In no case shall these expenses be higher than those now paid. Consequently, no payment shall be made upon the postal sea routes on which nothing is paid at the present time.

In order to ascertain the weight of the correspondence forwarded in transit, whether in closed mails or in open mails, there shall be taken, at periods which shall be determined upon by common consent, the statistics of such correspondence during two weeks. Until revised, the result of that labor shall serve as the basis of the accounts of the Administrations between themselves.

Each Office may demand a revision,—

1st. In case of any important modification in the direction of the correspondence;

2d. At the expiration of a year after the date of the last account.

The provisions of the present Article are not applicable to the Indian mail, nor to the mails conveyed across the territory of the United States of America by the railways between New York and San Francisco. Those services shall continue to form the object of special arrangements between the Administrations concerned.

Relations with countries foreign to the Union, how governed.

Les relations des pays de l'Union avec des pays étrangers à celle-ci seront régies par les conventions

ARTICLE XI.

The relations of the countries of the Union with countries foreign to the Union shall be regulated by

particulières qui existent actuellement ou qui seront conclues entre eux.

Les taxes à percevoir pour le transport au-delà des limites de l'Union seront déterminées par ces conventions; elles seront ajoutées, le cas échéant, à la taxe de l'Union.

En conformité des dispositions de l'article 9, la taxe de l'Union sera attribuée de la manière suivante:

1^o L'Office expéditeur de l'Union gardera en entier la taxe de l'Union pour les correspondances affranchies à destination des pays étrangers.

2^o L'Office destinataire de l'Union gardera en entier la taxe de l'Union pour les correspondances non affranchies originaires des pays étrangers.

3^o L'Office de l'Union qui échange des dépêches closes avec des pays étrangers gardera en entier la taxe de l'Union pour les correspondances affranchies originaires des pays étrangers et pour les correspondances non affranchies à destination des pays étrangers.

Dans les cas désignés sous les N^os 1, 2 et 3, l'Office qui échange les dépêches n'a droit à aucune bonification pour le transit. Dans tous les autres cas, les frais de transit seront payés d'après les dispositions de l'art. 10.

ARTICLE XII.

Le service des lettres avec valeur déclarée et celui des mandats de poste feront l'objet d'arrangements ultérieurs entre les divers pays ou groupes de pays de l'Union.

ARTICLE XIII.

Les Administrations postales des divers pays qui composent l'Union sont compétentes pour arrêter d'un commun accord, dans un règlement, toutes les mesures d'ordre et de détail nécessaires en vue de l'exécution du présent traité. Il est entendu que les dispositions de

the separate conventions which now exist or which may be concluded between them.

The rates of postage chargeable for the conveyance beyond the limits of the Union shall be determined by those conventions; they shall be added, in such case, to the Union rate.

In conformity with the stipulations of Article 9, the Union rate shall be apportioned in the following manner:

1st. The despatching Office of the Union shall keep the whole of the Union rate for the prepaid correspondence addressed to foreign countries.

2d. The receiving Office of the Union shall keep the whole of the Union rate for the unpaid correspondence originating in foreign countries.

3d. The Office of the Union which exchanges closed mails with foreign countries shall keep the whole of the Union rate for the paid correspondence originating in foreign countries and for the unpaid correspondence addressed to foreign countries.

In the cases mentioned under the Nos. 1, 2, and 3, the Office which exchanges the mails is not entitled to any payment for transit. In all the other cases the transit rates shall be paid according to the stipulations of Article 10.

ARTICLE XII.

The exchange of letters with value declared and of Post Office money orders shall form the subject of ulterior arrangements between the various countries or groups of countries composing the Union.

ARTICLE XIII.

The Postal Administrations of the various countries composing the Union are competent to draw up, by common consent, in the form of detailed regulations, all the measures of order and detail necessary with a view to the execution of the present treaty. It is understood that

Les différentes Administrations peuvent prendre entre elles les arrangements nécessaires au sujet des questions qui ne concernent pas l'ensemble de l'Union, comme le règlement des rapports à la frontière, la fixation de rayons limitrophes avec taxe réduite, les conditions de l'échange des mandats de poste et des lettres avec valeur déclarée, etc., etc.

the stipulations of these detailed regulations may always be modified by the common consent of the Administrations of the Union.

The several Administrations may make amongst themselves the necessary arrangements on the subject of questions which do not concern the Union generally; such as the regulations of exchange at the frontier, the determination of radii in adjacent countries within which a lower rate of postage may be taken, the conditions of the exchange of Post Office money orders, and of letters with declared value, etc., etc.

ARTICLE XIV.

Limit of control of this treaty.

Les stipulations du présent traité ne portent ni altération à la législation postale interne de chaque pays, ni restriction au droit des parties contractantes de maintenir et de conclure des traités, ainsi que de maintenir et d'établir des unions plus restreintes en vue d'une amélioration progressive des relations postales.

ARTICLE XIV.

The stipulations of the present treaty do not involve any alteration in the interior postal legislation of any country, nor any restriction of the right of the contracting parties to maintain and to conclude treaties, as well as to maintain and establish more restricted unions with a view to a progressive improvement of postal relations.

ARTICLE XVI.

En cas de dissensément entre deux ou plusieurs membres de l'Union relativement à l'interprétation du présent traité, la question en litige devra être réglée par jugement arbitral; à cet effet, chacune des Administrations en cause choisira un autre membre de l'Union qui ne soit pas intéressé dans l'affaire.

La décision des arbitres sera donnée à la majorité absolue des voix.

En cas de partage des voix, les arbitres choisiront, pour trancher le différend, une autre Administration également désintéressée dans le litige.

ARTICLE XVII.

3° Leur adhésion à l'Union doit être précédée d'une entente entre les Administrations ayant des conventions postales ou des relations directes avec eux.

4° Pour amener cette entente, l'Administration gérante convoquera, le cas échéant, une réunion des Administrations intéressées et de l'Administration qui demande l'accès.

5° L'entente établie l'Administration gérante en avisera tous les membres de l'Union générale des postes.

6° Si dans un délai de six semaines, à partir de la date de cette communication, des objections ne sont pas présentées, l'adhésion sera considérée comme accomplie et il en sera fait communication par l'Administration gérante à l'Administration adhérente.—L'adhésion définitive sera constatée par un acte diplomatique entre le Gouvernement de l'Administration gérante

ARTICLE XVI.

Representation.

Chaque pays peut se faire représenter, soit par un ou par plusieurs délégués, soit par la délégation d'un autre pays.

Toutefois, il est entendu que le délégué ou les délégués d'un pays ne pourront être chargés que de la représentation de deux pays, y compris celui qu'ils représentent.

As to modifications of tariff.

Neither of the contracting parties shall lay upon goods proceeding from the soil or the industry of the other party, which may be imported into its ports, any other or higher duties of importation or re-exportation than are laid upon the importation or re-exportation of similar goods coming from any other foreign country.

Termination of this article.

In case either of the high contracting parties shall announce to the other its desire to terminate this article, the operation and the obligation thereof shall cease and determine at the expiration of one year from the delivery of such notice, leaving, however, the remaining articles of the treaty in force until terminated according to the provisions of article XVI herein-after.

Ni l'une ni l'autre des parties contractantes n'imposeront sur les marchandises provenant du sol ou de l'industrie de l'autre partie, qui seront importées dans ses ports, d'autres ni de plus forts droits d'importation ou de réexportation, que ceux qui seront imposés sur l'importation ou la réexportation de marchandises similaires provenant de tout autre pays étranger.

Si l'une des hautes parties contractantes notifiait à l'autre l'intention d'annuler le présent article, il cessera ses effets et obligations à l'expiration de douze mois après cette notification, les autres articles du présent traité demeurant néanmoins en vigueur jusqu'à dénonciation notifiée conformément aux stipulations de l'article XVI ci-après.

The trade marks in which the citizens of one of the two countries may wish to secure the right of property in the other, must be lodged, to wit: the marks of citizens of the United States, at Brussels, in the office of the clerk of the tribunal of commerce; and the marks of Belgian citizens, at the Patent Office in Washington.

It is understood that if a trade mark has become public property in the country of its origin, it shall be equally free to all in the other country.

ARTICLE XVI.

The present treaty shall be in force during ten years from the date of the exchange of the ratifications, and until the expiration of twelve months after either of the high contracting parties shall have announced to the other its intention to terminate the operation thereof; each party reserving to itself the right of making such declaration to the other at the end of the ten years above mentioned; and it is agreed that after the expiration of the twelve months of prolongation accorded on both sides, this treaty and all its stipulations shall cease to be in force.

Les hautes parties contractantes, désirant assurer une complète et efficace protection à l'industrie manufacturière de leurs citoyens respectifs, sont convenues que toute reproduction dans l'un des deux pays des marques de fabrique apposées dans l'autre sur certaines marchandises, pour constater leur origine et qualité, sera sévèrement interdite et pourra donner lieu à une action en dommages-intérêts valablement exercée par la partie lésée devant les tribunaux du pays où la contrefaçon aura été constatée.

Les marques de fabrique dont les citoyens de l'un des deux pays voudraient s'assurer la propriété exclusive dans l'autre, devront être déposées, savoir: les marques des citoyens des États-Unis, à Bruxelles, au greffe du tribunal de commerce et les marques des citoyens belges, à Washington, au Bureau des Patentes (Patent Office).

Il est entendu que si une marque de fabrique appartient au domaine public dans le pays d'origine, elle ne pourra être l'objet d'une jouissance exclusive dans l'autre pays.

ARTICLE XVI.

Le présent traité sera en vigueur pendant dix ans, à dater du jour de l'échange des ratifications, et au delà de ce terme, jusqu'à l'expiration de douze mois après que l'une des hautes parties contractantes aura annoncé à l'autre son intention d'en faire cesser les effets; chacune d'elles se réservant le droit de faire à l'autre une telle déclaration à l'expiration des dix ans susmentionnés; et il est convenu, qu'après les douze mois de prolongation accordés de part et d'autre, ce traité et toutes les stipulations qu'il renferme cesseront d'être obligatoires.

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA.

A PROCLAMATION.

Preamble.

Whereas a Convention between the United States of America and the Mexican Republic for extending the functions of the Umpire under the Convention between the two countries of the 4th of July, 1868, was concluded and signed by their respective Plenipotentiaries, at the city of Washington, on the twenty-ninth day of April, eighteen hundred and seventy-six, which Convention, being in the English and Spanish languages, is word for word as follows:

Convention between the United States of America and the Mexican Republic.

Convencion entre la República Mexicana y los Estados Unidos de América.

Treaties, 509.

Whereas pursuant to the convention between the United States and the Mexican Republic of the 19th day of April, 1871, the functions of the joint commission under the convention between the same parties of the 4th of July, 1868, were extended for a term not exceeding one year from the day on which they were to terminate according to the convention last named;

Considerando: Que, conforme á la convencion celebrada entre la República Mexicana y los Estados Unidos el 19 de Abril de 1871, las funciones de la comision mixta establecida por la convencion entre las mismas partes, del 4 de Julio de 1868, fueron prorrogadas por un término que no excediera de un año, contado desde el dia en que debian terminar con arreglo á la convencion últimamente citada:

Treaties, 513.

And whereas, pursuant to the first article of the convention between the same parties, of the twenty-seventh day of November, one thousand eight hundred and seventy-two, the joint commission above referred to was revived and again extended for a term not exceeding two years from the day on which the functions of the said commission would terminate pursuant to the said convention of the nineteenth day of April, 1871;

Que, conforme al artículo primero de la convencion concluida entre las mismas partes el veintisiete de Noviembre de mil ochocientos setenta y dos, la comision mixta antes mencionada fué revivida y prorrogada de nuevo por un término que no excediera de dos años, contados desde el dia en que las funciones de dicha comision terminasen con arreglo á la citada convencion del diez y nueve de Abril de 1871:

18 Stat., 760.

And whereas pursuant to the convention between the same parties, of the twentieth day of November, one thousand eight hundred and seventy-four, the said commission was again extended for one year from the time when it would have expired pursuant to the convention of the twenty-seventh of November, one thousand eight hundred and seventy-two, that is

Que, conforme á la convencion celebrada entre las mismas partes el veinte de Noviembre de mil ochocientos setenta y cuatro, dicha comision fué de nuevo prorrogada por un año contado desde el tiempo en que habria espirado con arreglo á la convencion del veintisiete de Noviembre de mil ochocientos setenta y dos, es decir, hasta el dia treinta y uno de Enero de

to say, until the thirty-first day of January, one thousand eight hundred and seventy-six; and it was provided that if at the expiration of that time, the umpire under the convention should not have decided all the cases which may then have been referred to him, he should be allowed a further period of not more than six months for that purpose;

And whereas it is found to be impracticable for the umpire appointed pursuant to the convention adverted to, to decide all the cases referred to him, within the said period of six months prescribed by the convention of the twentieth of November, one thousand eight hundred and seventy-four;

And the parties being still animated by a desire that all that business should be closed as originally contemplated, the President of the United States has for this purpose conferred full powers on Hamilton Fish, Secretary of State, and the President of the Mexican Republic has conferred like powers on Don Ignacio Mariscal, Envoy Extraordinary and Minister Plenipotentiary of that Republic to the United States; and the said Plenipotentiaries having exchanged their full powers, which were found to be in due form, have agreed upon the following articles:

ARTICLE I.

The high contracting parties agree that if the umpire appointed under the convention above referred to shall not, on or before the expiration of the six months allowed for the purpose by the second article of the convention of the twentieth of November, one thousand eight hundred and seventy-four, have decided all the cases referred to him, he shall then be allowed a further period until the twentieth day of November, one thousand eight hundred and seventy-six, for that purpose.

ARTICLE II.

It is further agreed that so soon after the twentieth day of November, one thousand eight hundred and seventy-six, as may be practicable, the total amount awarded in

mil ochocientos setenta y seis; y se dispuso que si, al expirar aquel término, el árbitro nombrado en virtud de la convención no hubiese decidido todos los casos que hasta entonces se le hubieran sometido, se le concedería un nuevo período que no excediera de seis meses, para ese objeto :

Que ya se conoce la imposibilidad de que el árbitro nombrado en virtud de la convención á que se alude decida todos los casos que se le han sometido, dentro de dicho período de seis meses señalado por la convención del veinte Noviembre de mil ochocientos setenta y cuatro ;

Y hallándose las referidas partes igualmente animadas del deseo de que todos esos negocios queden concluidos como se estipuló originalmente, el Presidente de la República Mexicana ha conferido con este fin plenos poderes á Don Ignacio Mariscal, Enviado Extraordinario y Ministro Plenipotenciario de dicha República en los Estados Unidos, y el Presidente de los Estados Unidos ha conferido iguales poderes á Hamilton Fish, Secretario de Estado. Y estos Plenipotenciarios, habiendo cangreado sus poderes plenos, que se encontraron en debida forma, han convenido en los artículos siguientes :

ARTÍCULO I.

Las altas partes contratantes convienen en que si el árbitro nombrado en virtud de la convención á que antes se alude no hubiere decidido todos los casos que se le hayan sometido, al expirar los seis meses concedidos con tal objeto por el artículo segundo de la convención del veinte de Noviembre de mil ochocientos setenta y cuatro, se le concederá un nuevo término hasta el veinte de Noviembre de mil ochocientos setenta y seis, con el referido objeto.

The residue of the said balance shall be paid in annual instalments on the thirty-first day of January in each year, to an amount not exceeding three hundred thousand dollars, in gold or its equivalent, in any one year, until the whole shall have been paid.

Exchange of
mails.

Each office shall make its own arrangements for, and at its own cost pay the expense of, the intermediate sea-transportation of the mails which it despatches to the other.

ARTICLE II.

New York shall be the office of exchange on the side of the United States, and Hamilton shall be the office of exchange on the side of Bermuda, for all mails transmitted between the two countries under this arrangement; and all mail matter transmitted in either direction between the respective offices of exchange shall be forwarded in closed bags or pouches, under seal, addressed to the corresponding exchange office.

change.

The two Post Departments may at any time discontinue either of said offices of exchange or establish others.

1. For letters or manuscripts subject by law to letter rate of postage, fifteen grammes, (one half ounce avoirdupois.)

2. For all other correspondence mentioned in the first article, that which each country shall adopt for the mails which it despatches to the other, adapted to the convenience and habits of its interior administration. But each country shall give notice to the other of the standard weight it adopts, and of any subsequent change thereof. The weight stated by the despatching exchange office shall always be accepted, except in cases of manifest error.

ARTICLE IV.

No accounts shall be kept between the Post Office Departments of the two countries, on the international correspondence, written or printed, exchanged between them; but each country shall levy, collect, and retain to its own use, the following postal charges, viz:

No accounts to
be kept.

Single letter-rate. 1. The rate of postage to be charged and collected in the United States on each prepaid letter or manuscript subject to letter postage, addressed to Bermuda, shall be five (5) cents United States currency, for each weight of fifteen grammes or fraction thereof; and the rate of postage to be charged and collected in Bermuda on each prepaid letter or manuscript subject to letter postage, addressed to the United States of America, shall be two pence, the same to be in each case in full of all charges whatever, to the place of destination in either country.

Unpaid letters. The charge on unpaid letters shall be double the rate levied in the country of destination on prepaid letters.

Newspaper, etc., rates. 2. On all other articles of correspondence mentioned in the first article, the Post Departments of the United States and Bermuda may respectively levy, collect, and retain to their separate and exclusive use, such rates of postage adapted to their interior administration and to the cost of sea transportation, as they shall deem advisable; which rates shall, in like manner, be in full of all charges whatever, to the place of destination in either country. But each office shall give notice to the other of the rates it adopts for such correspondence, and of any subsequent change thereof. The maximum weight of such correspondence is fixed at 4 pounds.

Newspapers, etc., how inclosed. Newspapers and other correspondence of the class referred to in the preceding paragraph, shall be sent in narrow bands, or covers open at the sides or ends, so that they may be easily examined; and packages of such correspondence shall be subject to the laws and regulations of each country in regard to their liability to pay customs duty, if containing dutiable goods; or to be rated with letter postage when containing written matter, or for any other cause specified in said laws and regulations.

ARTICLE V.

Payment of postage. Prepayment of postage of every description of article can be effected only by means of postage stamps or stamped envelopes valid in the country of origin.

Marking stamps. The correspondence to be reciprocally exchanged, shall be impressed on the upper part of the address with a stamp indicating the place of origin and date of posting.

Unpaid, etc., letters, how marked. Unpaid or insufficiently paid letters, or manuscripts subject by law to letter rate of postage, shall, in addition, be impressed with the stamp T (tax to be paid), the application of which shall devolve upon the exchange office of the country of origin.

When not marked. Every international letter, or manuscript subject to letter postage, which does not bear the stamp T, shall be considered as fully paid to destination, and treated accordingly, unless there be an obvious error.

Amount of unpaid postage to be indicated. When a letter, or any manuscript subject by law to letter postage, unpaid or insufficiently paid, shall be liable, by reason of its weight, to more than a single rate of postage, the despatching office shall indicate in the upper right-hand corner of the address, in ordinary figures, the number of rates to which it is liable.

When a letter shall be insufficiently prepaid by means of postage stamps, the despatching office shall indicate, in figures in black ink, placed by the side of the postage stamps, their total value expressed in the currency of the country of destination.

Valueless stamps, how indicated. In case postage stamps may be used which are not of any value in the country of origin, no account shall be taken of them. This fact shall be indicated by the figure "0," placed by the side of the postage stamps.

Deficient postage, amount of. The office of the country of destination shall charge the insufficiently paid letters with the amount of the deficient postage calculated at the rate of an unpaid letter of the same weight.

Fractions of unit of charge. In case of need, fractions may be raised to the necessary unit of charge in force in the country of destination.

ARTICLE VI.

Letters, and other communications in manuscript, which, from any cause, cannot be delivered to their address, after the expiration of a proper period to effect their delivery shall be reciprocally returned every month, unopened and without charge, to the Post Office Department of the despatching country; but newspapers and all other articles of printed matter shall not be returned, but remain at the disposal of the receiving office.

Letters erroneously transmitted or wrongly addressed, shall be promptly returned to the despatching office without charge.

Dead letters.

To accommodate the Bermuda Government, and at the same time maintain the condition that postage accounts shall not be kept between the two countries, the Post Office Department of the United States will forward, without charge, to the Canada frontier and *vice-versa*, such correspondence, in sealed bags of small weight and bulk, as the Bermuda Post Office may exchange directly with the Dominion of Canada, through the United States; but should the weight and bulk of such mails at any time be deemed too great to justify this concession, the Post Office Department of the United States reserves the right to withdraw it, upon giving notice to that effect.

Closed mail for Canada.

ARTICLE VIII.

Letters originating in foreign countries and addressed to the United States or to Bermuda respectively, on which the foreign and international postage charges are fully prepaid, shall, when forwarded in the mails of either country to the other, be delivered in the country of destination free of charge.

Letters originating in foreign countries.

Official correspondence between the two Post Departments relating exclusively to the postal service, shall be exempt from postage charges.

The respective parties, mutually desiring to terminate amicably all controversy as to the effect of existing treaties in certain matters of judicial procedure, and for the reasons set forth and representations exchanged in various notes and previous conferences, proceeded to make declaration on both sides as to the understanding of the two Governments in the premises, and respecting the true application of said treaties.

Declaration on part of the United States.

Señor Calderon y Collantes declared as follows:

1. No citizen of the United States residing in Spain, her adjacent islands, or her ultramarine possessions, charged with acts of sedition, treason or conspiracy against the institutions, the public security, the integrity of the territory or against the Supreme Government, or any other crime whatsoever, shall be subject to trial by any exceptional tribunal, but exclusively by the ordinary jurisdiction, except in the case of being captured with arms in hand.

2. Those who, not coming within this last case, may be arrested or imprisoned, shall be deemed to have been so arrested or imprisoned by order of the civil authority for the effects of the Law of April 17, 1821, even though the arrest or imprisonment shall have been effected by armed force.

3. Those who may be taken with arms in hand, and who are therefore comprehended in the exception of the first article, shall be tried by ordinary council of war, in conformity with the second article of the hereinbefore-mentioned law; but even in this case the accused shall enjoy for their defense the guarantees embodied in the aforesaid Law of April 17, 1821.

4. In consequence whereof, as well in the cases mentioned in the third paragraph as in those of the second, the parties accused are allowed to name attorneys and advocates, who shall have access to them at suitable times; they shall be furnished in due season with copy of the accusation and a list of witnesses for the prosecution, which latter shall be examined before the presumed criminal, his attorney and advocate, in conformity with the provisions of articles twenty to thirty-one of the said law; they shall have right to compel the witnesses of whom they desire to avail themselves to appear and give testimony or to do it by means of depositions; they shall present such evidence as they may judge proper; and they shall be permitted to be present and to make their defense, in public trial, orally or in writing, by themselves or by means of their counsel.

5. The sentence pronounced shall be referred to the audiencia of the judicial district, or to the Captain General, according as the trial may have taken place before the ordinary judge or before the council of war, in conformity also with what is prescribed in the above-mentioned law.

Mr. Cushing declared as follows:

1. The Constitution of the United States provides that the trial of all crimes except in cases of impeachment shall be by jury, and such trial shall be held in the State where said crimes shall have been committed, or when not committed within any State the trial will proceed in

such place as Congress may direct (Art. III, § 2); that no person shall be held to answer for a capital or otherwise infamous crime unless on presentment of a grand jury except in cases arising in the land and naval forces or in the militia when in actual service, (Amendments to the Constitution, Art. V); and that in all criminal prosecutions the accused shall enjoy the right to a speedy and public trial, by an impartial jury of the State and district wherein the crime shall have been committed, and to be informed of the nature and cause of the accusation; to be confronted with the witnesses against him; to have compulsory process for obtaining witnesses in his favor; and to have counsel for his defense, (Amendments to the Constitution, Art. VI.)

Rights secured to accused by the Constitution as to trial and defense.

2. The Act of Congress of April 30, 1790, chap. 9, sec. 29, re-enacted in the Revised Statutes, provides that every person accused of treason shall have a copy of the indictment and a list of the jury, and of the witnesses to be produced at the trial, delivered to him three days before the same, and in all other capital cases two days before that takes place; that in all such cases the accused shall be allowed to make his full defense by counsel learned in the law, who shall have free access to him at all seasonable hours; that he shall be allowed in his defense to make any proof which he can produce by lawful witnesses, and he shall have due power to compel his witnesses to appear in court.

Rights secured by laws for purpose of defense.

3. All these provisions of the Constitution and of Acts of Congress are of constant and permanent force, except on occasion of the temporary suspension of the writ of habeas corpus.

Permanence of provisions.

4. The provisions herein set forth apply in terms to all persons accused of the commission of treason or other capital crimes in the United States, and therefore, as well by the letter of the law as in virtue of existing treaties, the said provisions extend to and comprehend all Spaniards residing or being in the United States.

Application of provisions to all persons accused.

Señor Calderon y Collantes then declared as follows:

In view of the satisfactory adjustment of this question in a manner so proper for the preservation of the friendly relations between the respective Governments, and in order to afford to the Government of the United States the completest security of the sincerity and good faith of His Majesty's Government in the premises, command will be given by Royal Order for the strict observance of the terms of the present Protocol in all the dominions of Spain and specifically in the island of Cuba.
