Whereas by an act of the general assembly of Maryland passed at the January session, eighteen hundred and eighty, chapter one hundred and sixty-five, the county commissioners of Anne Arundel County are authorized and required to build a bridge over the Severn River from the present public or county wharf in Annapolis situated at the foot of the street commonly called and known as Wagner street, to Ferry Bar, on the opposite side of the river, or at such point on said river as in the opinion of said commissioners shall be most practical and convenient, and so forth; and

Whereas the proposed change in the location and site of the said bridge necessitates the granting of a right of way by Congress through the government grounds at Annapolis in order to the free and unobstructed use of the said bridge, and to furnish to the public free ingress and egress to and from the said city: Therefore,

Right of way to Anne Arundel County, Maryland, through the United States Government grounds near Annapolis, Md.

McCammon, Assistant Attorney-General, of the other part.

"Whereas the Utah and Northern Railroad Company has applied for permission to construct a line of railroad from east to west through the Fort Hall Reservation, and the said Indians have consented thereto, and for that purpose have agreed, for the consideration hereinafter mentioned, to surrender to the United States their title to so much of land comprised in said reservation as may be necessary for the legitimate and practical uses of said road:

Agreement.

"Now this agreement witnesseth that, for the consideration hereinafter mentioned, the said Shoshone and Bannock Indians do hereby cede to the United States all that part of the present Fort Hall Reservation, in the Territory of Idaho, described as follows, namely:

"Also the several pieces or parcels of land situate along and adjoining the said strip of land hereinbefore described as defined in the several plats or maps thereof also hereto attached and marked, respectively, B, C, D, and so forth, the same being intended to be used by the said Utah and Northern Railroad Company, its successors or assigns, for depots, stations, sidings, and so forth, and containing in the whole, by actual survey, one hundred and two acres, more or less.

"In consideration of such cession the United States agrees to pay to the Shoshone and Bannock Indians the sum of six thousand dollars, being at and about the rate of seven and seventy-seven hundredths dollars per acre for the lands so ceded, to be deposited in the United States Treasury to the credit of said Indians upon ratification hereof by Congress and necessary appropriation therefor, and to bear interest at five per centum per annum; the same to be in addition to any and all sums to which the above-named Indians are now entitled by treaty.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the Secretary of War shall cause to be made a survey and map of the land necessary to extend the Washington Aqueduct from its present eastern terminus to the high ground north of Washington near Sixth street extended, and of the land necessary for a reservoir at that point the capacity of which shall not be less than three hundred million gallons; and a like survey and map of the land necessary for a dam across the Potomac River at the Great Falls, including the land now occupied by the dam, and the land required for the extension of said dam across Conn's Island to and upon the Virginia shore; and when surveys and maps shall have been made the Secretary of War and the Attorney-General of the United States shall proceed to acquire to and for the United States the outstanding title, if any, to said land and water-rights, and to the land on which the gate-house at Great Falls stands by condemnation.

And in obtaining title to the right of way for the extension of said aqueduct, the Secretary of War and Attorney-General may, in their discretion, secure title to a strip suitable for an avenue over such part of said aqueduct extended as they think proper: *Provided*, That at least one-half in value of such right of way shall be donated or dedicated by the owners to that public use: *And provided further*, That if it shall be necessary to resort to condemnation, the proceeding shall be as follows.

When the map and survey are completed, the Attorney-General shall proceed to ascertain the owners or claimants of the premises embraced in the survey, and shall cause to be published, for the space of thirty days, in one or more of the daily newspapers published in the District of Columbia, a description of the entire tract or tracts of land embraced in the survey, with a notice that the same has been taken for the uses mentioned in this act, and notifying all claimants to any portion of said premises to file, within its period of publication, in the Department of Justice, a description of the tract or parcel claimed, and a statement of its value as estimated by the claimant. On application of the Attorney-General, the chief justice of the supreme court of the District of Columbia shall appoint three persons, not in the employ of the government or related to the claimants, to act as appraisers, whose duty it shall be, upon receiving from the Attorney-General a description of any tract or parcel the ownership of which is claimed separately, to fairly and justly value the same and report such valuation to the Attorney-General, who thereupon shall, upon being satisfied as to the title to the same, cause to be offered to the owner or owners the amount fixed

by the appraisers as the value thereof; and if the offer be accepted, then upon the execution of a deed to the United States in form satisfactory to the Attorney-General, the Secretary of War shall pay the amount to such owner or owners from the appropriation made therefor in this act.

In making the valuation the appraisers shall only consider the present value of the land without reference to its value for the uses for which it is taken under the provisions of this act.

The appraisers shall each receive for their services five dollars for each day's actual service in making the said appraisements.

Any person or corporation having any estate or interest in any of the lands embraced in said survey and map who shall for any reason not have been tendered payment therefor as above provided or who shall have declined to accept the amount tendered therefor, and any person who, by reason of the taking of said land, or by the construction of the works hereinafter directed to be constructed, shall be directly injured in any property right, may, at any time within one year from the publication of notice by the Attorney-General as above provided, file a petition in the Court of Claims of the United States setting forth his right or title and the amount claimed by him as damages for the property taken or injury sustained; and the said court shall hear and adjudicate such claims in the same manner as other claims against the United States are now by law directed to be heard and adjudicated therein: *Provided*, That the court shall make such special rules in respect to such cases as shall secure their hearing and adjudication with the least possible delay.

Judgments in favor of such claimants shall be paid as other judgments of said court are now directed to be paid; and any claimant to whom a tender shall have been made as hereinbefore authorized, and who shall have declined to accept the same, shall, unless he recover an amount greater than that so tendered, be taxed with the entire cost of the proceeding. All claims for value or damages on account of ownership of any interest in said premises, or on account of injury to a property right by the construction of said works, shall, unless a petition for the recovery thereof be filed within one year from the date of the first publication of notice by the Attorney-General as above directed, be forever barred; *Provided*, That owners or claimants laboring under any of the disabilities defined in the statute of limitations of the District of Columbia may file a petition at any time within one year from the removal of the disability.

Upon the publication of the notice as above directed, the Secretary of War may take possession of the premises embraced in the survey and map, and proceed with the constructions herein authorized; and upon payment being made therefor, or, without payment, upon the expiration of the times above limited without the filing of a petition, an absolute title to the premises shall vest in the United States.

SEC. 2. That the Secretary of War be, and is hereby, authorized and directed to extend the Washington Aqueduct from its present eastern terminus to the high ground north of Washington near Sixth street extended; and that he construct at that point a reservoir of the capacity of not less than three hundred millions gallons, erect the necessary gate-house, and lay such main-connections as may be necessary to furnish to Washington and Georgetown an ample supply of water; and that he complete the dam at Great Falls to the level of one hundred and forty-eight feet above tide, and extend the same at that level across Conn's Island to the Virginia shore; and that he raise the embankment between the Potomac River and the Chesapeake and Ohio Canal above the dam, so as to protect the canal from the increased flooding which the completion of the dam will cause in times of high water, or pay to the canal company, in full satisfaction for all such flooding, the amount hereinafter appropriated for that purpose.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That it shall not be lawful for the master of a steamship or other vessel whereon emigrant passengers, or passengers other than cabin passengers, have been taken at any port or place in a foreign country or dominion (ports and places in foreign territory contiguous to the United States excepted) to bring such vessel and passengers to any port or place in the United States unless the compartments, spaces, and accommodations hereinafter mentioned have been provided, allotted, maintained, and used for and by such passengers during the entire voyage; that is to say, in a steamship, the compartments or spaces, unobstructed by cargo, stores, or goods, shall be of sufficient dimensions to allow for each and every passenger carried or brought therein one hundred cubic feet, if the compartment or space is located on the main deck or on the first deck next below the main deck of the vessel, and one hundred and twenty cubic feet for each passenger carried or brought therein if the compartment or space is located on the second deck below the main deck of the vessel; and it shall not be lawful to carry or bring passengers on any deck other than the decks above mentioned. And in sailing-vessels such passengers shall be carried or brought only on the deck (not being an orlop deck) that is next below the main deck of the vessel, or in a poop or deck-house constructed on the main deck; and the compartment or space, unobstructed by cargo, stores, or goods, shall be of sufficient dimensions to allow one hundred and ten cubic feet for each and every passenger brought therein. And such passengers shall not be carried or brought in any between-decks, nor in any compartment, space, poop, or deck-house, the height of which from deck to deck is less than six feet. In computing the number of such passengers carried or brought in any vessel, children under one year of age shall not be included, and two children between one and eight years of age shall be counted as one passenger; and any person brought in such vessel who shall have been, during the voyage, taken from any other vessel wrecked or in distress on the high seas, or have been picked up at sea from any boat, raft, or otherwise, shall not be included in such computation. The master of a vessel coming to a port or place in the United States in violation of either of the provisions of this section shall be deemed guilty of a misdemeanor; and if the number of passengers other than cabin passengers carried or brought in the vessel, or in any compartment, space, poop, or deck house thereof, is greater than the number allowed to be carried or brought therein, respectively, as hereinbefore prescribed, the said master shall be fined fifty dollars for each and every passenger in excess of the proper number, and may also be imprisoned not exceeding six months.

There shall not be on any deck nor in any compartment or space occupied by such passengers more than two tiers of berths. The berths shall be properly constructed, and be separated from each other by partitions, as berths ordinarily are separated, and each berth shall be at least two feet in width and six feet in length; and the interval between the floor or lowest part of the lower

Terms.

The memorial of Doctor Joseph Merideth Toner, of the City of Washington, in the District of Columbia, respectfully shows to your honorable bodies, that he is the owner of a large and valuable collection of books and pamphlets, about twenty thousand volumes or upwards in number, treating of medical, scientific, historical, biographical, literary, and miscellaneous subjects, and many of which are very rare and of great interest; and desiring that said collection of books, to the accumulation of which your memorialist has devoted considerable funds and a large part of his life, should be permanently preserved and placed where it would be most beneficial to the cause of science and most advantageous to the public, he respectfully offers the said collection to the United States of America, to be placed in the National Library of the United States at the city of Washington, under the management and control of the Librarian of Congress, upon the terms and conditions following, which he deems to be reasonable and just, and which he trusts will prove acceptable to your honorable bodies; namely:

First. That the collection should be kept separate and apart from the other books and pamphlets in the Library, in separate rooms or alcoves, and that it should be known and distinguished as "The Toner Collection."

Second.—That the collection of books and pamphlets be bound, when requiring it, in a uniform and substantial manner, and have placed upon the back of each a parchment band to distinguish them, and that a device distinctive of the donation be stamped upon the title page of each, and that they be kept accessible for reference, and be catalogued as speedily as practicable, and when they appear by title in the printed catalogue of the Library that some letter or symbol indicative of the collection be used, and that the condition and growth of the collection be made a matter of record in each annual report by the Librarian of Congress.

Third, That the collection be kept and used mainly for reference, and be consulted subject to the rules governing the use of rare books, and be called upon for service only when no other copy of a book or pamphlet asked for is available, and not be taken out of the Library except for special reasons.

Fourth, That your memorialist should be permitted to make additions to the collection from time to time as he may desire, upon the same terms as herein specified; and that he have liberty to insure the perpetual increase and improvement of the collection by the establishment of a trust-fund for the purpose.

Your memorialist, while desiring to perpetuate his name in connection with the donation which he here proposes to make, believes that the "Toner Collection" will prove useful and valuable to the country, and will involve no unusual expense upon the part of the United States.

Respectfully Submitted,

J. M. TONER.

Acceptance.

Now, therefore, the Librarian of Congress is hereby empowered and directed to receive and accept from the said Doctor Joseph Merideth

Toner his collection of books and pamphlets aforesaid, and to place the same in the Library under his charge under the terms and conditions set forth in the said memorial.
