Medallion.

Inscription.

"Four score and seven years ago our fathers brought forth on this continent a new nation, conceived in liberty and dedicated to the proposition that all men are created equal.

"Now we are engaged in a great civil war, testing whether that nation, or any nation so conceived and so dedicated, can long endure. We are met on a great battlefield of that war. We have come to dedicate a portion of that field as a final resting place for those who here gave their lives that that nation might live. It is altogether fitting and proper that we should do this.

"But, in a larger sense, we can not dedicate, we can not consecrate, we can not hallow this ground. The brave men, living and dead, who struggled here, have consecrated it far above our poor power to add or

detract. The world will little note, nor long remember, what we say here; but it can never forget what they did here. It is for us, the living, rather to be dedicated here to the unfinished work which they who fought here have thus far so nobly advanced. It is rather for us to be here dedicated to the great task remaining before us; that from these honored dead we take increased devotion to that cause for which they gave the last full measure of devotion; that we here highly resolve that these dead shall not have died in vain; that this nation, under God, shall have a new birth of freedom, and that government of the people, by the people, for the people, shall not perish from the earth."

And the sum of five thousand dollars, or so much thereof as may be necessary, is hereby appropriated, out of any money in the Treasury not otherwise appropriated, to pay the cost of said tablet and medallion and pedestal.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the Secretary of the Treasury be, and he is hereby, authorized and directed to acquire, by purchase, condemnation, or otherwise, a site, and cause to be erected thereon a suitable building, including fireproof vaults, heating and ventilating apparatus, elevators, and approaches, for the use and accommodation of the United States court-house, post-office, and other Government offices in the city of Cumberland and State of Maryland, the cost of said site and building, including said vaults, heating and ventilating apparatus, elevators, and approaches, complete, not to exceed the sum of seventy-five thousand dollars.

Proposals for the sale of land suitable for said site shall be invited by public advertisement in one or more of the newspapers of said city of largest circulation for at least twenty days prior to the date specified in said advertisement for the opening of said proposals.

Proposals made in response to said advertisement shall be addressed and mailed to the Secretary of the Treasury, who shall then cause the said proposed sites, and such others as he may think proper to designate, to be examined in person by an agent of the Treasury Department, who shall make written report to said Secretary of the results of said examination, and of his recommendation thereon, and the reasons therefor, which shall be accompanied by the original proposals and all maps, plats, and statements which shall have come into his possession relating to the said proposed sites.

If, upon consideration of said report and accompanying papers, the Secretary of the Treasury shall deem further investigation necessary, he may appoint a commission of not more than three persons, one of whom shall be an officer of the Treasury Department, which commission shall also examine the said proposed sites, and such others as the Secretary of the Treasury may designate, and grant such hearings in relation thereto as they shall deem necessary; and said commission shall, within thirty days after such examination, make to the Secretary of the Treasury written report of their conclusion in the premises, accompanied by all statements, maps, plats, or documents taken by or submitted to them, in like manner as hereinbefore provided in regard to the proceedings of said agent of the Treasury Department; and the Secretary of the

Treasury shall thereupon finally determine the location of the building to be erected.

The compensation of said commissioners shall be fixed by the Secretary of the Treasury, but the same shall not exceed six dollars per day and actual traveling expenses: *Provided, however,* That the member of said commission appointed from the Treasury Department shall be paid only his actual traveling expenses.

So much of the appropriation herein made as may be necessary to defray the expenses of advertising for proposals, actual traveling expenses of said agent, and the compensation and actual traveling expenses of said commissioners, and other expenses incident to the selection of the site, and for necessary survey thereof, shall be immediately available.

So much of said appropriation as may be necessary for the preparation of sketch plans, drawings, specifications, and detailed estimates for the building by the Supervising Architect of the Treasury Department shall be available immediately upon the approval by the Secretary of the Treasury of such site.

No money appropriated by this Act shall be available, except as hereinbefore provided, until a valid title to the site for said building shall be vested in the United States, nor until the State of Maryland shall have ceded to the United States exclusive jurisdiction over the same during the time the United States shall be or remain the owner thereof for all purposes except the administration of the criminal laws of said State and the service of civil process therein.

After the said site shall have been paid for, and the sketch plans and detailed estimates for the building shall have been prepared by the Supervising Architect and approved by the Secretary of the Treasury, the Secretary of the Interior, and the Postmaster-General, the balance of said appropriation shall be available for the erection and completion of the building, including fireproof vaults, heating and ventilating apparatus, elevators, and approaches.

The building shall be unexposed to danger from fire by an open space of at least forty feet on each side, including streets and alleys.

CHAP. 114.—An Act For the relief of certain Winnebago Indians in Minnesota.

February 20, 1895.

Whereas by the fourth section of an Act entitled "An Act for the removal of the Winnebago Indians, and for the sale of their reservation in Minnesota for their benefit," approved February twenty-first, eighteen hundred and sixty-three, it was made the duty of the Secretary of the Interior to allot to said Indians in severalty "lands which they may respectively cultivate and improve, not exceeding eighty acres to each head of a family other than to the chiefs to whom larger allotments may be made, which lands, when so allotted, shall be vested in said Indian and his heirs, without the right of alienation, and shall be evidenced by patent;" and

Preamble.

Vol. 12, p. 659.

Whereas by the ninth section of the Indian appropriation Act approved July fifteenth, eighteen hundred and seventy, the Secretary of the Interior was "directed to cause to be investigated and to determine the claims of certain Indians of the Winnebago tribe now lawfully residing in the State of Minnesota; to issue patents, without the right of alienation, to those of them whom he shall find to be entitled thereto for the lands heretofore allotted to them in severalty," and so forth; and

Vol. 16, p. 361.

Whereas by the Indian appropriation Act approved May twenty-ninth, eighteen hundred and seventy-two, it was declared to be the intention and meaning of said ninth and tenth sections of the Act of eighteen hundred and seventy "to authorize and direct the Secretary of the Interior to cause to be patented to each and every Winnebago Indian lawfully resident in the State of Minnesota at the date of this Act, in accordance with the conditions of said two sections, an allotment of land," and so forth; and

Vol. 17, p. 185.

Whereas such a restriction for all time, without the right of alienation, by anyone, under any circumstances, is an entailment upon the land, which it is not deemed to be desirable: Therefore,

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the fourth and ninth sections of the Acts of eighteen hundred and sixty-three and eighteen hundred and seventy, respectively, so far as they relate to the lands of the Winnebago Indians in Minnesota, be, and the same are hereby, modified so as to permit the alienation and conveyance of said lands, with the consent and approval of the Secretary of the Interior.

Whereas the President, in accordance with the proposition of Great Britain to enforce on March first, eighteen hundred and ninety-five, the revised international regulations for preventing collisions at sea, and on the representations of that Government that those regulations had received the general approval of the several foreign maritime powers, pursuant to section three of the Act of August nineteenth, eighteen hundred and ninety, entitled "An Act to adopt regulations for preventing collisions at sea," issued on July thirteenth, eighteen hundred and ninety-four, his proclamation fixing March first, eighteen hundred and ninety-five, as the time when the provisions of said Act, as amended, embodying said revised international regulations shall take effect; and

Whereas the Government of Great Britain has withdrawn from the position, communicated to this Government on April twenty-fifth, eighteen hundred and ninety-four, that no time should be lost in carrying those regulations into effect, and on January sixteenth, eighteen hundred and ninety-five, announced to this Government that the Government of Great Britain now finds it impossible until Parliament has been consulted to fix a date for bringing the regulations into force, and earnestly requests this Government to consent to a temporary postponement of the enforcement of said regulations; and

Collisions at sea.

Whereas it is desirable that the revised international regulations for preventing collisions at sea shall be put into force simultaneously by the maritime powers: Therefore,

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That said Act of August nineteenth, eighteen hundred and ninety, take effect not on March first, eighteen hundred and ninety-five, but at a subsequent time, to be fixed by the President by proclamation issued for that purpose

"ARTICLE 61. Agreement with
Wichitas, etc., Okla-
homa.

Whereas David H. Jerome, Alfred M. Wilson, and Warren G. Sayre, duly appointed commissioners on the part of the United States, did, on the fourth day of June, eighteen hundred and ninety-one, conclude an

agreement with the Wichita and affiliated bands of Indians in Oklahoma Territory, formerly a part of the Indian Territory, which said agreement is as follows:

"Articles of agreement made and entered into at Anadarko, in the Indian Territory, on the 4th day of June, A. D. 1891, by and between David H. Jerome, Alfred M. Wilson, and Warren G. Sayre, commissioners on the part of the United States, and the Wichita and affiliated bands of Indians in the Indian Territory.

"ARTICLE I.

"The said Wichita and affiliated bands of Indians in the Indian Territory hereby cede, convey, transfer, relinquish, forever and absolutely, without any reservation whatever, all their claim, title and interest of every kind and character in and to the lands embraced in the following-described tract of country in the Indian Territory, to wit:

Lands ceded.

"Commencing at a point in the middle of the main channel of the Washita River, where the ninety-eighth meridian of west longitude crosses the same, thence up the middle of the main channel of said river to the line of 98° 40' west longitude, thence on said line of 98° 40' due north to the middle of the channel of the main Canadian River, thence down the middle of said main Canadian River to where it crosses the ninety-eighth meridian, thence due south to the place of beginning.

"ARTICLE II.

"In consideration of the cession recited in the foregoing article, the United States agrees that out of said tract of country there shall be allotted to each and every member of said Wichita and affiliated bands of Indians in the Indian Territory native and adopted, one hundred and sixty acres of land, in the manner and form as follows:

Allotment of lands to Indians.

"Said tract of country shall be, by the United States, classified into grazing and grain-growing land, and when so classified each of said Indians shall be required to take at least one-half in area of his or her allotment in grazing land, subject to the foregoing and other restrictions hereinafter recited. Each and every member of said Wichita and affiliated bands of Indians in the Indian Territory over the age of eighteen years shall have the right to select for himself or herself one hundred and sixty acres of land, to be held and owned in severalty, but to conform to legal surveys in boundary as nearly as practicable; and that the father, or if he be dead the mother (if members of said tribe or bands of Indians), shall have the right to select a like amount of land, under the same restrictions, for each of his or her children under the age of eighteen years; and that the Commissioner of Indian Affairs, or some one appointed by him for the purpose, shall select a like amount of land, under the same restrictions, for each orphan child belonging to said tribe or bands of Indians under the age of eighteen years.

"It is hereby further expressly agreed that no person shall have the right to make his or her selection of land in any part of said tract of country that is now used or occupied, or that has been or may hereafter be set apart for military, agency, school, school farm, religious, town site, or other public uses, or in sections sixteen (16) and thirty-six (36) in each Congressional township, except, in cases where any member of said Wichita and affiliated bands of Indians has heretofore made improvements upon and now occupies and uses a part of said sections sixteen (16) and thirty-six (36), such Indian may make his or her selection, according to the legal subdivisions, so as to include his or her improvements. It is further agreed that wherever in said tract of country any one of said Indians has made improvements and now uses and occupies the land embracing such improvements, such Indian

shall have the undisputed right to make his or her selection, to conform to legal subdivisions, however, so as to include such improvements without reference to the classification of land hereinbefore recited.

“ARTICLE III.

Selection of lands.

“All allotments hereunder shall be selected within ninety days from the ratification of this agreement by Congress of the United States; provided, the Secretary of the Interior, in his discretion, may extend the time for making such selection; and should any Indian entitled to allotments hereunder fail or refuse to make his or her selection of land in such time, then the allotting agent in charge of the work of making such allotments shall, within the next thirty (30) days after said time, make allotments to such Indians, which shall have the same force and effect as if the selections were made by the Indians themselves.

“ARTICLE IV.

Titles to be held in trust.

Vol. 24, p. 389.

“When said allotments of land shall have been selected and taken as aforesaid, and approved by the Secretary of the Interior, the titles thereto shall be held in trust for the allottees, respectively, for a period of twenty-five (25) years, in the manner and to the extent provided for in the act of Congress entitled “An act to provide for the allotment of land in severalty to Indians on the various reservations, and to extend the protection of the laws of the United States and the Territories over the Indians, and for other purposes.” Approved February 8, 1887. And at the expiration of twenty-five (25) years the title thereto shall be conveyed in fee simple to the allottees, or their heirs, free from all incumbrances.

“ARTICLE V.

Cash payment.

“In addition to the allotments above provided for, and the other benefits to be received under the preceding articles, said Wichita and affiliated bands of Indians claim and insist that further compensation, in money, should be made to them by the United States, for their possessory right in and to the lands above described in excess of so much thereof as may be required for their said allotments. Therefore it is further agreed that the question as to what sum of money, if any, shall be paid to said Indians for such surplus lands shall be submitted to the Congress of the United States, the decision of Congress thereon to be final and binding upon said Indians; provided, if any sum of money shall be allowed by Congress for surplus lands, it shall be subject to a reduction for each allotment of land that may be taken in excess of one thousand and sixty (1,060) at that price per acre, if any, that may be allowed by Congress.

“ARTICLE VI.

Claims not impaired.

“It is further agreed that there shall be reserved to said Indians the right to prefer against the United States any and every claim that they may believe they have the right to prefer, save and except any claim to the tract of country described in the first article of this agreement.

“ARTICLE VII.

Lands for religious, etc., uses.

“It is hereby further agreed that wherever, in this reservation, any religious society or other organization is now occupying any portion of said reservation for religious or educational work among the Indians the land so occupied may be allotted and confirmed to such society or organization; not, however, to exceed one hundred and sixty (160) acres of land to any one society or organization, so long as the same shall be so occupied and used, and such land shall not be subject to

homestead entry. That whenever said lands are abandoned for school purposes the same shall revert to said Indian Tribes and be disposed of for their benefit.

“ARTICLE VIII.

“This agreement shall have effect whenever it shall be ratified by the Congress of the United States.

“In witness whereof, the said commissioners on the part of the United States have hereunto set their hands, and the undersigned members of the said Wichita and affiliated bands of Indians have set their hands, the day and year first above written.”

That said agreement be, and the same hereby is, accepted, ratified, and confirmed as herein provided.

The compensation to be allowed in full for all Indian claims to these lands which may be sustained by said court in the scrip hereinafter provided shall not exceed one dollar and twenty-five cents per acre for so much of said land as will not be required for allotment to the Indians as provided in the foregoing agreement, subject to such reduction as may be found necessary under article five of said agreement: *Provided*, That no part of said sum shall be paid except as hereinafter provided.

That for the purpose of making the allotments provided for in said agreement, including the pay and expenses of the necessary special agent or agents hereby authorized to be appointed by the President for the purpose and the necessary resurveys, there be, and hereby is, appropriated, out of any moneys in the Treasury not otherwise appropriated, the sum of fifteen thousand dollars, or so much thereof as may be necessary.

That whenever any of the lands acquired by this agreement shall, by operation of law or proclamation of the President of the United States, be open to settlement, they shall be disposed of under the general provisions of the homestead and town-site laws of the United States: *Provided*, That in addition to the land-office fees prescribed by statute for such entries the entry man shall pay one dollar and twenty-five cents per acre for the land entered at the time of submitting his final proof: *And provided further*, That in all homestead entries where the entry man has resided upon and improved the land entered in good faith for the period of fourteen months he may commute his entry to cash upon the payment of one dollar and twenty-five cents per acre: *And provided further*, That the rights of honorably discharged Union soldiers and sailors of the late civil war, as defined and described in sections twenty-three hundred and four and twenty-three hundred and five of the Revised Statutes, shall not be abridged: *And provided further*, That any qualified entry man having lands adjoining the lands herein ceded, whose original entry embraced less than one hundred and sixty acres, may take sufficient land from said reservation to make his homestead entry not to exceed one hundred and sixty acres in all, said land to be taken upon the same conditions as are required of other entry men: *Provided*, That said lands shall be opened to settlement within one year after said allotments are made to the Indians.

That sections sixteen and thirty-six, thirteen and thirty-three, of the lands hereby acquired, in each township, shall not be subject to entry, but shall be reserved, sections sixteen and thirty-six for the use of the common schools, and sections thirteen and thirty-three for university, agricultural college, normal schools, and public buildings of the Territory and future State of Oklahoma; and in case either of said sections or parts thereof is lost to said Territory by reason of allotment under this Act or otherwise the governor thereof is hereby authorized to locate other lands not occupied in quantity equal to the loss: *Provided*, That the United States shall pay the Indians for said reserved sections the same price as is paid for the lands not reserved.
