For the purpose of ascertaining the feasibility, permanence, and cost of the construction and completion of Nicaragua Canal by the route contemplated and provided for by an Act which passed the Senate January twenty-eighth, eighteen hundred and ninety-five, entitled "An Act to amend the Act entitled 'An Act to incorporate the Maritime

Canal Company of Nicaragua, approved February twentieth, eighteen hundred and eighty-nine," twenty thousand dollars, to be expended under the direction of the Secretary of State.

And a board of three engineers is hereby constituted to make the survey and examination necessary for such ascertainment; said board to be selected and appointed by the President of the United States, one from the Corps of Engineers of the United States Army, one from the Engineers of the Navy, and one from civil life; and the compensation of the members of said board shall be fixed by the President, not to exceed five thousand dollars each, including such pay as the engineers so selected are receiving, for the time they are so employed, from the Government. And the said board, under such arrangements and regulations as shall be made by the Secretary of State with the approval of the President of the United States, shall visit and personally inspect the route of the said canal, examine and consider the plans, profiles, sections, prisms, and specifications for its various parts, and report thereon to the President; and should they ascertain that any deviation from the general line of the proposed route is desirable, they shall so state in their findings and conclusions with regard thereto in their report.

And said board shall make their report on or before November first, eighteen hundred and ninety-five; and the appropriation shall be immediately available.

The foregoing appropriations for work on rivers and harbors shall be immediately available.
