[S. 3938.]

[Public, No. 607.]

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the Secretary of the Interior is hereby authorized to extend the Fort Hall Indian irrigation system in Idaho over an area approximating thirty thousand acres of Indian land in the Michaud division of the Fort Hall Indian Reservation and to complete the irrigation system of that reservation by the enlargement, straightening, and improving of the stream channels, including the Blackfoot River, and to complete necessary storage facilities to make possible the delivery of an adequate water supply to the sixty thousand acres of land already provided with distributary system in the existing Fort Hall and Gibson divisions of the irrigation project and to the thirty thousand acres of the Michaud division of that project, as provided for in a report of November 12, 1929, to the Commissioner of Indian Affairs, prepared in pursuance to an Act approved March 28, 1928, the total cost of the work herein authorized to be reimbursed as hereinafter provided.

SEC. 2. The Michaud division shall bear its equitable share of the cost of the present existing works and for the development of that part of the water supply that will be used on the lands of the Michaud division. Of the cost of the existing system \$362,500 is hereby allocated to the Michaud division, as provided in section 3 hereof in consideration of the share of the developed water supply hereby allocated to that division and of its share of the existing works. The said \$362,500 is hereby authorized to be used in completing the distributary system of the Fort Hall and Gibson divisions, including the rebuilding of the Tyhee siphon; the completion of storage facilities, and the enlargement and straightening of the Blackfoot River Channel, and including payment of damages for the benefit of the entire irrigation project.

SEC. 3. The water supply available shall be divided between the Fort Hall and Gibson divisions of the existing project and the Michaud division as follows: Fort Hall and Gibson divisions two-thirds, and the Michaud division one-third: *Provided*, That if at any time there should occur a deficiency in the water supply available, the lands of the Fort Hall and Gibson divisions shall have a prior right over the lands of the Michaud division to the use of sufficient water to supply said lands of those divisions with three acre-feet of water per acre per season delivered to the land actually utilized, or so much thereof as may be necessary for proper and beneficial irrigation; and in any case, as between the Indian-owned lands and the white-owned lands of the Michaud division of the project as of the date of the passage of this Act, such lands in Indian ownership shall have a water right prior to the right of the white-owned land which shall entitle such Indian lands to three acre-feet of water per acre per season, or so much thereof as may be available or as may be necessary for efficient and beneficial irrigation.

SEC. 4. For each Indian, now owning land allotted as grazing or agricultural under the Michaud Division, who has no irrigable agricultural allotment with an adequate water supply elsewhere within the Fort Hall Indian Reservation, there shall be reserved by the Secretary of the Interior as a homestead from such grazing or agricultural allotment under the Michaud Division a tract of twenty acres on which the collection of construction charges shall be deferred

There is hereby created a first lien against all lands in the said Michaud Division, which lien shall be recited in any patent or instrument issued therefor prior to the reimbursement to the United States of the total amount chargeable against such lands, which lien shall not, however, be enforced as to Indian-owned lands during the period that the title to such lands remains in such Indian ownership.

The money so derived shall be distributed equitably by the Secretary of the Interior to the Indians of the Fort Hall Reservation entitled thereto: *Provided*, That where any charge on behalf of construction against any Indian lands within the Fort Hall project has not yet been paid to the Government the share of this fund to which the Indian owner of such land would otherwise be entitled shall be credited upon installments yet due on behalf thereof to the United States.

SEC. 6. The funds hereby authorized to be appropriated shall not be expended unless and until the Secretary of the Interior shall make contracts with both the Indian and non-Indian landowners obligating said landowners to repay the cost of all the work herein authorized to be done, including a share of the cost of the benefits to the Michaud division derived from the existing works. Such agreement shall create a first lien against the lands in white ownership, which lien shall not be released until the total share of the cost of such works properly assessable against such land as herein provided shall have been reimbursed to the United States: *Provided*, That where existing irrigation ditches constructed by the Indians themselves are destroyed in the construction of the Michaud division, proper credit to the extent of the present value of the work so destroyed shall be given to the Indian owner of the land on the share of the cost of the Michaud division properly assessable against his land, and the total of all such credits shall be charged into the total cost of the Michaud division of the project.

SEC. 7. The said Secretary of the Interior shall by public notice consistent herewith fix the per acre charge against the irrigable land of both the Indian and white owned tracts, and the installments heretofore provided for shall be due and payable on the 1st day of December of each year until the total sum shall have been reimbursed to the United States.

SEC. 8. The water-right agreements provided for in section 6 hereof shall require the said Secretary of the Interior to refuse to deliver water to any tract of land of the Michaud division of the project if the operation and maintenance charges against such land are not paid in advance of each irrigation season, or if any installment of the construction or water-right charges remains unpaid for more than twelve months after same became due. The charges for water rights, operation, and maintenance and construction, assessed against lands in other than Indian ownership that are not paid when due shall bear interest at 6 per centum per annum from the due date until paid.

If the amount awarded said stockholder exceeds the amount offered by the corporation prior to the filing of said suit, costs shall be awarded to said stockholder; otherwise, costs shall be awarded to the corporation. Each party shall have the right of appeal as in other cases in the Supreme Court of the District of Columbia. SEC. 8. When any property abuts two or more streets, avenues, or roads, the assessments against said property levied hereunder shall not exceed in the aggregate, together with any legal assessments heretofore levied and paid for the paving, curbing, or curbing and guttering of or on said streets, avenues, or roads $3\frac{1}{2}$ cents per square foot of area of said property, or 20 per centum of the value of said property, exclusive of improvements thereon, as assessed for purposes of taxation at the time of the paving or repaving, curbing, or curbing and guttering for which the assessment is levied.

In computing the sixty days provided in the said Act of Congress approved August 7, 1894, within which such assessment may be paid without interest, there shall be excluded therefrom the time between the date of the filing of any such protest and the date of action thereon by the commissioners.

February 25, 1931.
[H. J. Res. 404.]
[Pub. Res., No. 123.]

Whereas one of the important results of the completion of the work, now in progress, of carrying out the plans of the National Government for public improvements in the District of Columbia, will be a widened B Street northwest, approximately two miles long, from the Capitol Grounds to Arlington Memorial Bridge; and

District of Columbia.
Preamble.

Whereas this street, bordered by stately public buildings and by the beautiful Mall and Parkway, within which are the Nation's monument to George Washington, and memorial to Abraham Lincoln, will be one of the most impressive thoroughfares in the world; and Whereas a street thus connecting the Capital with the Memorial Bridge leading over the Potomac River to Arlington National Cemetery, formerly the home estate of Robert E. Lee, and to the Washington Memorial Highway which ends at Mount Vernon—a street so rich in historical association and destined during the centuries to behold countless processions of American patriots and millions of liberty-loving men, women, and children, wending their way to Arlington and the Tomb of the Unknown Soldier—should have a name in keeping with its character, a name of dignity and beauty and profound significance; and

Whereas the Constitution of the United States of America, "the most wonderful work ever struck off at a given time by the brain and the purpose of man," is the mighty instrument which made the land of Washington and Lincoln and Lee "An indissoluble union of indestructible States" from the Great Lakes to the Gulf of Mexico, from the Atlantic Ocean to the golden shores of the Pacific, the grandest home that Freedom ever knew, under the freest government the world has ever seen: Therefore be it

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That in honor of the Constitution of the United States of America, the thoroughfare now known as B Street northwest, in the District of Columbia, and as it may at any time be extended, widened, or otherwise changed, shall hereafter bear the name "Constitution Avenue."

That in honor of the State of Louisiana and that territory comprised in the "Louisiana Purchase" from which thirteen other sovereign States of this Union, in whole or in part, were carved, the thoroughfare running from the Union Station Plaza, crossing North Capitol Street and New Jersey and Indiana Avenues and running into Pennsylvania Avenue, shall hereafter bear the name "Louisiana Avenue."

That the portion of the avenue now known as "Louisiana Avenue," not absorbed by the enlarging of the park and plan system of the Planning Commission, shall no longer be known as "Louisiana Avenue."
