## ARTICLE III.

*Postage and Fees.*Postage, etc.  
Collecting, from  
sender.

1. The Administration of origin is entitled to collect from the sender of each parcel the postage and the fees for requests for information as to the disposal of a parcel made after it has been posted, and also, in the case of insured parcels, the insurance fees and the fees for return receipts, that may from time to time be prescribed by its regulations.

With different address.

(b) An enclosure which bears an address different from that placed on the cover of the parcel.

Live animals.

(c) Any live animal, except leeches.

Nonadmissible articles.

(d) Any article the admission of which is forbidden by the Customs or other laws or regulations in force in either country.

Explosives.

(e) Any explosive or inflammable article, and in general, any article the conveyance of which is dangerous, including articles which from their nature or packing may be a source of danger to postal employees or may soil or damage other parcels.

Obscene, etc., articles.

(f) Obscene or immoral articles.

Designated uninsured articles.

(g) It is, moreover, forbidden to send coin, platinum, gold or silver (whether manufactured or unmanufactured), precious stones, jewels, or other precious articles in uninsured parcels.

Prohibited articles erroneously handled.

2. When a parcel contravening any of these prohibitions is handed over by one Administration to the other, the latter shall proceed in accordance with its laws and inland regulations. Explosive or inflammable articles, as well as documents, pictures and other articles injurious to public morals may be destroyed on the spot by the Administration which has found them in the mails.

Parcel containing a letter.

The fact that a parcel contains a letter, or a communication having the nature of a letter, may not, in any case, entail the return of the parcel to the sender. The letter is, however, marked for the collection of postage due from the addressee at the regular rate.

The two Administrations advise each other, by means of the List of Prohibited Articles published by the International Bureau of the Universal Postal Union, of all prohibited articles. However, they do not assume, on that account, any responsibility towards the customs or police authorities, or the sender.

List of prohibited articles to be published.

ARTICLE VI.

*Insurance.*

Insurance.

1. Parcels may be insured up to the amount of 500 francs gold or its equivalent in the currency of the country of origin. However, the Chiefs of the Postal Administrations of the two contracting countries may, by mutual consent, increase or decrease this maximum amount of insurance.

Maximum.

A parcel cannot give rise to the right to an indemnity higher than the actual value of its contents, but it is permissible to insure it for only part of that value.

Limitation.

ARTICLE VII.

*Indemnity.*

Indemnity.

1. Except in the cases mentioned in the section following, the Administrations are responsible for the loss of insured parcels mailed in one of the two contracting countries for delivery in the other and for the abstraction of or damage to their contents.

Allowance to sender.

The sender, or other rightful claimant, is entitled on this account to an indemnity corresponding to the actual amount of the loss, abstraction or damage. The amount of indemnity is calculated on the basis of the actual value (current price, or, in the absence of current price, at the ordinary estimated value) at the time and place of mailing of the parcel, provided in any case that the indemnity shall not exceed the amount for which the parcel was insured and on which the insurance fee has been collected, or the maximum of 500 francs gold.

Amount restricted.

In the case where indemnity is payable for the loss of a parcel or for the destruction or abstraction of the whole of the contents thereof, the sender is entitled to the return of the postal charges. However, the insurance fees are not in any case returned.

Return of postage on loss of parcel.

In the absence of special agreement to the contrary between the countries involved no indemnity will be paid by either country for the loss of transit insured parcels originating in a country not participating in this Agreement and destined for one of the two contracting countries.

Transit originating in a third country destined for either contracting power.

When an insured parcel originating in one country and addressed for delivery in the other country is reforwarded from there to a third country or is returned to a third country at the request of the sender or addressee, the party entitled to the indemnity, in case of loss, rifling or damage occurring subsequent to the reforwarding or return of the parcel by the original country of destination, can lay claim, in such cases, only to the indemnity which the country where the loss, rifling or damage occurred consents to pay, or which that country is obligated to pay in accordance with the agreement made between the countries directly interested in the reforwarding or return. Either of the two countries signing the present Agreement which wrongly forwards an insured parcel to a third country is responsible to the sender to the same extent as the country of origin, that is, within the limit of the present Agreement.

Parcel forwarded to a third country.

Responsibility for error.

Release of responsibility.  
Unconditional acceptance.

Loss, etc., through force majeure.

Deferred, in exceptional cases.

Payment by country of origin if country of destination delays 9 months.

Country responsible.

Claim for repayment.

Responsibility of receiving country unable to show disposition.

2. The Administrations are relieved of all responsibility.

(a) In case of parcels of which the addressee has accepted delivery without reservation.

(b) In case of loss or damage through force majeure (causes beyond control) although either Administration may at its option and without recourse to the other Administration pay indemnity for loss or damage due to force majeure even in cases where the Administration of the country in the service of which the loss or damage occurred recognizes that the damage was due to force majeure.

(c) When they are unable to account for parcels in consequence of the destruction of official documents through force majeure.

(d) When the damage has been caused by the fault or negligence of the sender or the addressee or the representative of either, or when it is due to the nature of the article.

(e) For parcels which contain prohibited articles.

(f) In case the sender of an insured parcel, with intent to defraud, shall declare the contents to be above their real value; this rule, however, shall not prejudice any legal proceedings necessitated by the legislation of the country of origin.

(g) For parcels seized by the customs because of false declaration of contents.

(h) When no inquiry or application for indemnity has been made by claimant or his representative within a year commencing with the day following the posting of the insured parcel.

(i) For parcels which contain matter of no intrinsic value or perishable matter or which did not conform to the stipulations of this Convention or which were not posted in the manner prescribed, but the country responsible for the loss, rifling or damage may pay indemnity in respect of such parcels without recourse to the other Administration.

3. No compensation shall be given for indirect loss or loss of profits of any parcel transmitted under this Agreement.

4. The payment of compensation for an insured parcel shall be made to the rightful claimant as soon as possible and at the latest within a period of one year counting from the day following that on which the application is made.

However, the paying Postal Administration may exceptionally defer payment of indemnity for a longer period than that stipulated if, at the expiration of that period, it has not been able to determine the disposition made of the article in question or the responsibility incurred.

5. Except in cases where payment is exceptionally deferred as provided in the second paragraph of the foregoing section, the Postal Administration which undertakes the payment of compensation is authorized to pay indemnity on behalf of the Office which, after being duly informed of the application for indemnity, has let nine months pass without settling the matter.

6. The obligation of paying the indemnity shall rest with the Postal Administration to which the mailing office is subordinate, provided that in cases where the indemnity is paid to the addressee in accordance with the second paragraph of the first section, it shall rest with the Postal Administration of destination.

The paying Administration retains the right to make a claim against the Administration responsible.

7. Until the contrary is proved, responsibility for an insured parcel rests with the Postal Administration which having received the parcel without making any observation and being furnished all necessary particulars for inquiry is unable to show its proper disposition.

8. Responsibility for loss, abstraction or damage of an insured parcel discovered by the receiving office of exchange at the time of opening the receptacles and duly notified to the dispatching office of exchange by Bulletin of Verification shall fall upon the Postal Administration to which the dispatching office of exchange is subordinate unless it be proved that the damage occurred in the service of the receiving Administration.

Dispatching office responsible if loss discovered by receiving office.

9. If the loss, abstraction or damage has occurred in course of conveyance, without its being possible to ascertain in which service the irregularity took place, the Postal Administrations concerned bear the loss in equal shares.

Loss, etc., in transit.

10. The Postal Administration responsible or on whose account payment is made in accordance with Section 5 is bound to repay to the country making payment on its behalf, without delay and within not more than six months after receiving notice of payment, the amount of indemnity paid.

Repayment to country paying.

11. Repayments are to be made free of cost to the creditor Administration by means of either a money order or a draft, in money valid in the creditor country, or by such other means as may be mutually agreed upon by correspondence.

Means to be used.

12. Repayments of indemnity by one country to the other will be made on the gold basis.

Repayments on gold basis.

13. The responsibility of properly enclosing, packing and sealing insured parcels rests upon the sender, and the postal service of neither country will assume liability for loss, rifling or damage arising from defects which may not be observed at the time of posting.

Sender responsible for proper packing, etc.

14. The Postal Administrations of the two contracting countries will not be responsible for the loss, abstraction or damage of an ordinary parcel; but either Administration is at liberty to indemnify for the loss, abstraction or damage which may occur in its service, without recourse to the other Administration.

No responsibility for ordinary parcels.

## ARTICLE VIII.

### *Certificate of Mailing. Receipts.*

## ARTICLE X.

Recall and change of  
address.*Recall and Change of Address.*

So long as a parcel has not been delivered to the addressee, the sender may recall it or cause its address to be changed. The Postal Administration of the country of origin may collect and retain, for this service, the charge fixed by its regulations. ## ARTICLE XVI.

### *Missent Parcels.*

Ordinary parcels, when missent, are reforwarded to their correct destination by the most direct route at the disposal of the reforwarding Administration. They must not be charged with customs or other charges by that Administration. Insured parcels, when missent, may not be reforwarded to their destination except as insured mail. If this is impossible, they must be returned to origin.

When the reforwarding involves the return of the parcel to the office of origin, the retransmitting Administration refunds to that office the credits received and reports the error by a Bulletin of Verification.

When the reforwarding involves the dispatch of a parcel to a third country and if the amount credited to the retransmitting Administration is insufficient to cover the expenses of retransmission which it has to defray, the retransmitting Administration allows to the Administration to which it forwards the parcel the credits due it; it then recovers the amount of the deficiency by claiming it from the office of exchange from which the missent parcel was directly received. The reason for this claim is notified to the latter by means of a Bulletin of Verification.

For the parcels redirected in its territory, the Postal Administration of the country of destination may collect additional charges fixed by its internal regulations. These charges shall not be cancelled even in case the parcel is returned to origin or reforwarded to another country.

2. A parcel may be redirected out of the country of original address only at the sender's or the addressee's request and provided that the parcel complies with the conditions required for its further conveyance. Insured parcels shall not be redirected to another country except as insured mail.

New postage, as well as new insurance fees, in the case of insured parcels, may, if not prepaid, be collected upon delivery.

1. The parcels to be exchanged under the provisions of this Agreement may not exceed 11 pounds in weight.

In the direction from the United States of America to New Zealand, these parcels may not exceed the following dimensions:

Greatest length 4 feet, on condition that parcels over 42 inches but not over 44 inches long do not exceed 24 inches in girth; that parcels over 44 inches but not over 46 inches long do not exceed 20 inches in girth; that parcels over 46 inches but not over 48 inches long do not exceed 16 inches in girth; and that parcels up to 3½ feet in length do not exceed 6 feet in length and girth combined.

In the direction from New Zealand to the United States of America, these parcels may not exceed the following dimensions:

Length, 3½ feet; length and girth (taken in a direction other than that of the length) combined 6 feet.

The limit of weight and maximum dimensions stated above may be changed from time to time by agreement made through correspondence.

## ARTICLE 2.

### *Preparation of Parcels.*

1. The name and address of the sender and of the addressee must be legibly and correctly written in every case when possible on the parcel itself or on a label or tag firmly attached thereto. It is not allowed to write with initials the name and address of the sender or addressee, unless the initials are the adopted trade name of the senders or addressees which is generally understood. Addresses in pencil are also not allowed, except those written with copying ink on a surface previously dampened. Preparation of parcels.

A slip bearing the name and address of the sender and addressee must be enclosed in the parcel when the address is written on a label or tag which is not gummed to the parcel. It is advisable that such slips be enclosed in all parcels.

2. Every parcel must be packed in a manner adequate for the length of the journey and the character of the contents, and in such a way as to prevent the contents from damaging other parcels or objects or injuring the postal agents. The packing must protect the contents sufficiently that, in case of rifling, the traces thereof may be easily discovered.

No packing is required for ordinary parcels consisting of a single article, such as pieces of wood, metal, etc., which are not usually packed by the trade.

Any liquid or any substance which easily liquefies must be packed in a double receptacle. Between the first receptacle (bottle, flask, pot, box, etc.) and the second (box of metal, of strong wood, of strong corrugated cardboard or of strong fibreboard or receptacle of equal strength) shall be left a space which shall be filled with sawdust, bran or some other absorbent material, in sufficient quantity to absorb all the liquid contents in the case of breakage.

Powders and dyes in powder form must be packed in lead-sealed metal containers which must be enclosed in substantial outer covers, so as to obviate all damage to the accompanying mail matter.

3. Insured parcels must be sealed by means of wax, by lead or other seals. Ordinary parcels may be sealed at the option of the sender, or careful tying is sufficient as a mode of closing. Either Administration may require a special design or mark of the sender in the sealing of insured parcels mailed in its service, as a means of protection.

The customs of the country of destination, for the purpose of customs examination, shall have the right to break the seals. After customs examination is concluded, the parcels shall be officially resealed.

4. On the address side, each insured parcel must bear a label with the words "Insured" or "Valeur déclarée", or be stamped or marked with the same words in close proximity to the number given the parcel, and it must also bear an indication of the amount of the insured value, mentioned fully and legibly in the currency of the country of origin and in Roman letters. This amount must be converted into gold francs by the sender or by the office of origin and the result of conversion is added below the original description. The amount of the insured value must also be indicated on the customs declaration.

5. The seals, as well as any kind of labels or stamps, affixed to insured parcels, must be so placed as not to hide injuries to the package. Moreover, the labels or stamps must not be folded over two sides of the package so as to cover the edge.

## ARTICLE 3.

*Customs Declarations.*Customs declara-  
tions.

1. The sender shall prepare one customs declaration for each parcel sent from either country, upon a special form provided for the purpose by the country of origin.

The customs declaration shall give a general description of the parcel, an accurate statement in detail of its contents and value, date of mailing, actual weight, the sender's name and address, and the name and address of the addressee, and shall be securely attached to the parcel. However, as an exception to the foregoing, when more than one parcel is mailed simultaneously by the same sender in the United States of America to the same addressee at the same address in New Zealand, the sender need prepare only one customs declaration for the entire shipment, which customs declaration shall show, in addition to the particulars set forth in the preceding sentence, the total number of parcels comprising the shipment, and shall be securely attached to one of the parcels. The parcels comprising the entire shipment shall be clearly marked in such case with a fractional number, the numerator of which will indicate, in arabic figures, the number of the parcel, and the denominator the number of parcels comprising the shipment; for example, if a single shipment were composed of 15 parcels, each parcel would be numbered, respectively, 1/15, 2/15, 3/15, etc.

2. The Administrations accept no responsibility for the correctness of the customs declarations.

## ARTICLE 4.

*Return Receipts.*

Return receipts.

1. As to a parcel for which a return receipt is asked, the office of origin impresses on the parcel the letters or words "A.R." or "Avis de réception". The office of origin or any other office appointed by the dispatching Administration shall fill out a return receipt form and attach it to the parcel. If the form does not reach the office of destination, that office makes out a duplicate.

2. The office of destination, after having duly filled out the return receipt form, returns it free of postage to the address of the sender of the parcel.

3. When the sender applies for a return receipt after a parcel has been posted, the office of origin duly fills out a return receipt form and attaches it to a form of inquiry which is entered with the details concerning the transmission of the parcel and then forwards it to the office of destination of the parcel. In the case of the due delivery of the parcel, the office of destination withdraws the inquiry form, and the return receipt is treated in the manner prescribed in the foregoing paragraph.

## ARTICLE 5.

*Receptacles.*

Receptacles.

1. The Postal Administrations of the two contracting countries shall provide the respective bags necessary for the dispatch of their parcels and each bag shall be marked to show the name of the office or country to which it belongs.

2. Bags must be returned empty to the dispatching office by the next mail. Empty bags to be returned are made up in bundles of ten, enclosing nine bags in one. The total number of bags returned shall be entered on the relative parcel bills.

3. In case ten per cent of the total number of bags used during the year have not been returned, the value of the missing bags must be repaid to the Administration of origin.

#### ARTICLE 6.

##### *Method of Exchange of Parcels.*
