Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the Selma and Cahawba Valley Railroad Company, a corporation existing under the laws of Alabama, its successors and assigns, be, and is hereby, authorized to construct and maintain a bridge across the Alabama River at a place suitable to commerce and not interfering with navigation, at a point at or near Selma, in the State of Alabama, and to lay on or over said bridge a track or tracks for the more perfect connection of any railroad or railroads that are or shall be constructed to said river, on either or both sides thereof, at or opposite said point, under the limitations and conditions hereinafter provided; that said bridge shall not interfere with the free navigation of said river, and in case of any litigation arising from any obstruction or alleged obstruction to the free navigation of said river, by reason of the construction of said bridge, the cause may be tried before the circuit court of the United States in and for any district in whose jurisdiction any portion of said obstruction or bridge may be. Said bridge shall be constructed to provide for the passage of railroad trains.

SEC. 2. That said bridge shall be provided with one or more draw-openings, each having not less than one hundred and twenty-five feet clear channel-way at low water and in addition to said draw-openings one or more fixed channel-spans, each having not less than two hundred feet clear channel-way; and every part of the superstructure of said bridge shall give a clear head room of not less than ten feet above extreme known high-water mark: *Provided*, That all spans shall be so located as to afford the greatest possible accommodation to the river traffic, and a draw opening shall, if practicable, be located next or near shore: *Provided, also*, That if the physical characteristics of the locality so require, and the interests of navigation be not injured thereby, the lengths of the fixed spans or the number of draw-openings may be reduced: *Provided, also*, That for any two adjacent draw-openings of one hundred and twenty-five feet each one draw-opening of two hundred feet or more may be substituted if in the opinion of the Secretary of War the interests of navigation be not injured thereby.

SEC. 3. That all draw-spans authorized by this act shall be operated by steam or other reliable power, and shall be opened promptly upon reasonable signal for the passage of boats, except when trains are passing over said span or spans; but in no case shall unnecessary delay occur in opening said draw after the passage of trains; and also that in case the opening of a draw is delayed by reason of the passing of a train after the signal has been given from a boat ready to pass through the draw shall be opened for the passage of such boat before another train is allowed to pass over the said span or spans; nor shall there be any unnecessary delay in the passage of trains over the bridge.

SEC. 4. That all piers shall be built as near as may be parallel with the current of the river at that stage of water which is most important for navigation, and the bridge itself shall be built as nearly as may be at right angles thereto; and that riprapping or other protection for imperfect foundations which will lessen the required water-

way shall not be permitted; and also that piers which will produce cross-currents or bars dangerous to navigation shall not be constructed; and if after construction any piers or accessory works are found to produce the above-mentioned effects, or if any riprapping or other protection prohibited by this section is found to exist, the nuisance shall be abated or corrected under the direction of the Secretary of War, at the expense of the company or persons owning, controlling, or operating said bridge.

SEC. 5. in other custom-houses of the United States when they may be needed.

SEC. 3. That before said railway shall be constructed through any lands held by individual occupants, according to the laws, customs, and usages of any tribe of the Indian nations or tribes through which it may be constructed, full and complete compensation shall be made to such occupant for all property to be taken or damage done by reason of the construction of said railway. In case of failure to make amicable settlement with any occupant, such compensation shall be determined by the appointment of three disinterested referees, to be appointed, one (who shall act as chairman) by the President of the United States, one by the chief of the nation to which such occupant belongs, and one by said railway company, who, before entering upon the duties of their appointment, shall take and subscribe, before a district judge, clerk of a court, or United States commissioner, an oath that they will faithfully and impartially discharge the duties of their appointment, which oaths duly certified shall be returned with their award to, and filed with, the Secretary of the Interior within sixty days from the completion thereof, and a majority of said referees shall be competent to act in case of the absence of a member, after due notice; and upon the failure of either party to make such appointment within thirty days after the appointment made by the President, the vacancy shall be filled by the supreme court of the Territory of Oklahoma. In case the referees can not agree, then any two of them are authorized to make the award; either party being dissatisfied with the finding of the referees shall have the right, within ninety days after making the award and notice of the same, to appeal by original petition to the supreme court of the Territory of Oklahoma, which court shall have jurisdiction to hear and determine the subject-matter of said petition according to the laws of the State of Texas providing for determining the damage when property is taken for railroad purposes. [No. 28.] Joint resolution for the relief of the Venezuela Steam Transportation Company.

Preamble.

Whereas it appears from the correspondence transmitted to the Senate by the message of the President, of the second day of February, eighteen hundred and seventy-two (Executive Document Numbered Twenty-eight, second session Forty-eighth Congress) and on the twelfth of April, eighteen hundred and eighty-eight (Executive Document Numbered One hundred and forty-three, first session Fiftieth Congress), that since the year eighteen hundred and seventy-one indemnity has been repeatedly demanded by the Executive Department of the United States from the Venezuelan Government, but without avail, for the wrongful seizure, detention, and employment in war and otherwise of the American steam-ships Hero, Nutrias, and San Fernando, the property of the Venezuela Steam Transportation Company, a corporation existing under the laws of the State of New York, and a citizen of the United States, and the imprisonment of its officers, citizens of the United States, under circumstances that render the Republic of Venezuela justly responsible therefor; and

Whereas all the diplomatic efforts of the Government of the United States repeatedly exerted for an amicable adjustment and payment of the just indemnity due to said corporation and its officers, citizens of the United States, upon whose property and persons the aforesaid wrongs were inflicted, have proved entirely unavailing: Therefore,

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That the President of the United States be, and he is hereby, authorized and empowered to take such measures as in his judgment may be necessary to promptly obtain indemnity from the Venezuelan Government for the injuries, losses, and damages suffered by the Venezuela Steam Transportation Company of New York, and its officers, by reason of the wrongful seizure, detention, and employment in war or otherwise of the said company's steamers Hero, San Fernando, and Nutrias by Venezuelan belligerents in the year eighteen hundred and seventy-one, and to secure this end he is authorized to employ such means or exercise such power as may be necessary.

CHAP. 126.—An act to promote the construction of a safe deep-water harbor on the coast of Texas.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the Corpus Christi and Padre Island Harbor Company, created and existing under and by virtue of articles of incorporation drawn in accordance with and by authority of the general incorporation act of the State of Texas, and dated December tenth, eighteen hundred and eighty-seven, or its successors or assignees, be, and is hereby, authorized and empowered to construct, at their exclusive cost, as in their charter provided, a sea-wall, breakwaters, and viaduct off the shore of Padre Island, on the coast of Texas, within the jurisdiction of the United States, subject to the terms and conditions herein set forth.

Corpus Christi and Padre Island Harbor Company may construct harbor and bridges at Padre Island, Tex.

SEC. 2. That said company shall, within two years after the passage of this act, locate and commence the construction of said harbor at a point to be selected by them off Padre Island, coast of Texas. Commencing at the water's edge and running at an angle to the shore they shall construct a viaduct of the most approved modern plan, extending seaward until a depth of, say, twenty-seven feet of water is reached; thence continuing in the same direction they shall construct a sea-wall until thirty feet or more of water is reached; thence turning southward at an angle or curve which shall throw the sea-wall parallel, or nearly so, with the shore-line of Padre Island, they shall construct a sea-wall three thousand feet in length, said sea-wall to be placed upon a base of riprap or other suitable foundation, upon which shall be constructed a wall of concrete of such form of structure as the engineer officer of said company may hereafter adopt, twenty-two feet thick, more or less, and twenty-nine feet high, reaching eleven feet above mean low water. They shall also construct breakwaters of sufficient length and so placed as to protect the shore end of the viaduct, and another of sufficient length and so placed as to protect the entrance to the embayed space, thus forming an outer harbor sufficient in extent to afford dockage for, and accommodation at its wharves for, thirty of the largest ocean steamers afloat and two hundred or more smaller vessels or coasters at one time, and shall complete said work within four years from the commencement of the same. When completed, the embayed space or harbor shall be, and is hereby, declared to be a harbor of refuge for the vessels of all nations and such vessels as may touch for orders, free of charge, except such vessels as may land at the wharves.

SEC. 3. That in consideration of the free use of the embayed space or harbor as a harbor of refuge for the vessels of all nations except vessels which land at and use the wharves, and in further consideration of the vast benefit to the general commerce of the whole country and in lieu of any money appropriations for the improvement of the said coast, the said company shall be allowed to charge and collect such reasonable port charges and wharfage as may be prescribed by regulations that may be made by the Secretary of the Treasury of the United States, in conformity with the laws of the United States.

SEC. 4. That no wharfage or port charges shall be charged until after the said improvement shall have been inspected by a board of three engineers of the United States Army, appointed by the Secretary of War for the purpose, and found to have been fully completed in accordance with the terms of this act and until such report shall have been approved by the Secretary of War.

SEC. 5. That the United States Government specially reserves the right at its option to take said works upon payment to the owners thereof the actual value of the same at the time of taking, which value shall be determined by a board of engineers of the United States Army, to be appointed by the Secretary of War for the purpose.

SEC. 6. The rights herein granted to the "Corpus Christi and Padre Island Harbor Company" are upon the condition that there shall be no discrimination made in favor of or against any individual or corporation in regard to the use of said harbor or its approaches by land or water.

In case of failure to make amicable settlement with any occupant, such compensation shall be determined by the appraisement of three disinterested referees, to be appointed one (who shall act as chairman) by the President, one by the chief of the nation to which said occupant belongs, and one by said railroad company, who, before entering upon the duties of their appointment, shall take and subscribe, before a district judge, clerk of a district court, or United States commissioner, an oath that they will faithfully and impartially discharge the duties of their appointment, which oath, duly certified, shall be returned with their award to and filed with the Secretary of the Interior, within sixty days from the completion thereof; and a majority of said referees shall be competent to act in case of the absence of a member, after due notice. SEC. 2. That prosecutions in the police court shall be on information by the proper prosecuting officer. In all prosecutions within the jurisdiction of said court in which according to the Constitution of the United States, the accused would be entitled to a jury trial the trial shall be by jury. And also in all prosecutions in which such persons would not be by force of the Constitution of the United States entitled to a trial by jury, but in which the fine or penalty may be fifty dollars or more or imprisonment for thirty days or more, the trial shall be by jury unless the accused shall, in open court, expressly waive such trial by jury and consent to a trial by the judge in which case the trial shall be by such judge, and the judgment and sentence shall have the same force and effect in all respects as if the same had been entered and pronounced on the verdict of a jury.

In all cases not hereinbefore in this section provided for, the trial shall be by a judge.

SEC. 3. That the jury for service in said court shall consist of twelve men, who shall possess the legal qualifications necessary for jurors in the Supreme court of the District of Columbia, and such jurors shall be drawn and selected under and in pursuance of the laws concerning the drawing and selection of jurors for service in said supreme court. If upon the trial of any such cause an exception be taken by or on behalf of any defendant to any ruling or instruction of the court upon matter of law the same shall be reduced to writing and stated in a bill of exceptions, with so much of the evidence as may be material to the question or questions raised, which said bill of exceptions shall be settled and signed by the judge, and if, upon presentation to any justice of the supreme court of the District of Columbia of a verified petition setting forth the matter or matters so excepted to, such justice shall be of opinion that the same ought to be reviewed, he may allow a writ of error in the cause, which shall issue out of the said supreme court, addressed to the judge of the police court, who shall forthwith send up the information filed in the cause and a transcript of the record therein, certified under the seal of said court, to said supreme court in general term for review and such action as the law may require. Any defendant desiring the benefit of the provisions of this section shall give notice in open court of his intention to apply for a writ of error upon such exceptions, and thereupon proceedings therein shall be stayed for ten days, provided the defendant shall then and there enter into recognizance with sufficient surety, to be approved by the judge of the police court, conditioned that in the event of a denial of his application for a writ of error he will, within five days next after the expiration of said ten days, appear in said police court and abide by and perform its judgement, and that in the event of the granting of such writ of error he will appear in said supreme court of the District of Columbia and prosecute the writ of error and abide by and perform its judgement in the premises. Upon failure of any defendant to enter into the recognizance provided for in this section the sentence of the police court shall stand and be executed pending proceedings upon his application for a writ of error and until the final disposition thereof by the said supreme court.

SEC. 13. That all the foregoing proceedings and rights shall be conducted and decided subject to the following provisions as well as to the other provisions of this act, namely:

First. No claim shall be allowed that shall not appear to be upon a title lawfully and regularly derived from the Government of Spain or Mexico, or from any of the States of the Republic of Mexico having lawful authority to make grants of land, and one that if not then complete and perfect at the date of the acquisition of the territory by the United States, the claimant would have had a lawful right to make perfect had the territory not been acquired by the United States, and that the United States are bound, upon the principles of public law, or by the provisions of the treaty of cession, to respect and permit to become complete and perfect if the same was not at said date already complete and perfect.

Second. No claim shall be allowed that shall interfere with or overthrow any just and unextinguished Indian title or right to any land or place.

Third. But no such mine shall be worked on any property confirmed under this act without the consent of the owner of such property until specially authorized thereto by an act of Congress hereafter passed.

Fifth. No proceeding, decree, or act under this act shall conclude or affect the private rights of persons as between each other, all of which rights shall be reserved and saved to the same effect as if this act had not been passed; but the proceedings, decrees, and acts herein provided for shall be conclusive of all rights as between the United States and all persons claiming any interest or right in such lands.

Sixth. No confirmation of or decree concerning any claim under this act shall in any manner operate or have effect against the United States otherwise than as a release by the United States of its right and title to the land confirmed, nor shall it operate to make the United States in any manner liable in respect of any such grants, claims, or lands, or their disposition, otherwise than as is in this act provided.

Seventh. No confirmation in respect of any claims or lands mentioned in section six of this act or in respect of any claim or title that was not complete and perfect at the time of the transfer of sovereignty to the United States as referred to in this act, shall in any case be made or patent issued for a greater quantity than eleven

Either party deeming himself aggrieved by such judgment may appeal in the same manner as provided herein in cases of confirmation of a Spanish or Mexican grant. For the purpose of ascertaining the value and amount of such lands, surveys may be ordered by the court, and proof taken before the court, or by a commissioner appointed for that purpose by the court.

SEC. 15. That section eight of the act of Congress approved July twenty-second, eighteen hundred and fifty-four, entitled "An act to establish the offices of surveyor-general of New Mexico, Kansas, and Nebraska, to grant donations to actual settlers therein, and for other purposes," and all acts amendatory or in extension thereof, or supplementary thereto, and all acts or parts of acts inconsistent with the provisions of this act are hereby repealed.
