SEC. 5. That for the purpose of locating, constructing, maintaining, and operating the stations, tracks, railroads, shops, and other structures or buildings herein provided for, said company is hereby authorized and empowered to take, acquire, and hold in fee simple the land necessary for such purposes; but before proceeding so to do the said company shall first obtain the assent of the owner or owners of said land, and if such owner or owners shall be absent from the said city of Washington, or the District of Columbia, or shall refuse to give such assent on such terms as such company shall approve, or by reason of infancy, coverture, or insanity, or any other cause, shall be legally incapable of giving such assent, it shall be lawful for said company to make application, in writing, to the Supreme Court of the District of Columbia, or a judge thereof, for the appointment of three commissioners to estimate the damages which the owner or owners of the land or other property sought to be taken shall sustain by the taking thereof by the said company. Said application shall describe the land or other property sought to be taken, and give the name or names of the owners thereof, as far as the same may be known to said company; and said supreme court of the District of Columbia, or a judge thereof, shall thereupon appoint three discreet and disinterested freeholders of said District of Columbia, none of whom shall be residents or owners of property upon or adjoining the line of said railroad, or interested therein, or related to any person interested in said land or a stockholder in said company; and before said commissioners shall act the clerk of said court shall administer an oath or affirmation to each of them that he will justly and impartially estimate the compensation that the owner or owners of such lands or other property will be entitled to by reason of the taking of the same by the company, and the said supreme court of the District of Columbia, or a judge thereof, shall appoint a time not less than ten nor more than twenty days after due notice to the parties in interest, which notice shall be given in the form required by the order of said supreme court of the District of Columbia, or a judge thereof, appointing said commissioners, and said commissioners shall proceed to estimate, after viewing the premises, the value of the land so proposed to be taken by said company, and the damages, if any, to the residue of the tract so taken or occupied, or to be taken or occupied, or the material so used or taken away, as the case may be, having due regard to and making just allowance for the advantages which may have resulted, or which may seem likely to result, to the owner or owners of said land or materials in consequence of the making or opening of said railroad and of the construction of the works connected therewith, and after having made a fair and just comparison of said advantages and disadvantages they shall estimate and determine whether any, and, if any, what amount of damages have been or may be sustained, and to whom payable, and make report in writing signed by them, or a majority of them, and file the same with the clerk of the supreme court of the District of Columbia; and if any damages be awarded and the report be confirmed by the said court, judgment shall be entered thereon, and if the amount thereof be not paid within thirty days after the entry of such judgment execution may issue thereon as in the case of other judgments of said court for the sum so awarded, and the cost and expenses incurred shall be defrayed by the said railroad company, and each of said commissioners shall be entitled to ten dollars per day for every day necessarily employed in the performance of the duties herein prescribed, to be paid by such railroad company. Said return of said commissioners shall be confirmed by said court or a judge thereof, at any time after the expiration of ten days from and after the date of the filing of said report with the clerk of said court,

unless an appeal from said award shall be taken and perfected as hereinafter provided; and either party may appeal to the said court within ten days from and after the return of the said award to said court by filing notice of such appeal with the clerk of said court, and upon said appeal the case shall be docketed in said court in the ordinary form, in which the company shall be plaintiff and the other parties shall be defendants, and shall be tried by a jury, if either party shall require the same, according to the ordinary course of trial by jury in said court. Should said company desire to take possession of the land and property mentioned in its said application prior to the determination of the appeal, it shall have the right so to do upon filing with the clerk of said court a bond in the penal sum of double the amount of said award, conditioned to pay such judgment as may be given by said court upon the trial of the appeal. The sureties on said bond and the form thereof shall be approved by said court. In case the judgment rendered by the court upon said appeal, either with or without a trial by jury, shall be for a sum less than the amount awarded by the commissioners aforesaid, then the costs shall be paid by the parties defendant; in case the judgment shall be for a greater sum than the amount awarded by the commissioners, then the costs shall be paid by the company, and judgment for costs shall be rendered accordingly. Upon payment of the judgment rendered by said court, either upon the confirmation of the award or upon trial of the appeal, or upon tender of such payment, the company shall be entitled to all the rights, interests, and estate of the parties to the proceeding to the same extent as if the same had been legally conveyed by them in fee simple to said company, unless the said company shall within ten days after the rendition of said judgment disclaim the taking of said property, which shall be done in writing and filed in said case. An appeal shall lie from the judgment of said court to the supreme court in general term or to the Supreme Court of the United States, as now allowed by law in other cases, and the said company shall be, and is hereby authorized and empowered to construct, operate, and maintain said tracks, and in addition thereto tracks to and into the yards and stations aforesaid, and any of them in connection with the tracks or any of them hereinbefore authorized or prescribed.

CHAP. 329.—An act to authorize the Denison and Northern Railway Company to construct and operate a railway through the Indian Territory, and for other purposes.

Denison and Northern Railway Company may construct railway, etc., line through Indian Territory.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the Denison and Northern Railway Company, a corporation created under and by virtue of the laws of the State of Texas, be, and the same is hereby, invested and empowered with the right of locating, constructing, owning, equipping,

operating, using, and maintaining a railway and telegraph and telephone line through the Indian Territory, beginning at a point to be selected by said railway company on Red River, near Denison, in Grayson County, in the State of Texas, and running thence by the most practicable route through the Indian Territory in a northerly direction to the southern boundary of the State of Kansas, at or near Coffeeville, in said State, with the right to construct and operate a branch line of railway, beginning at a point about twenty miles north of Red River, on the main line; thence in a northwesterly direction to a point on the western line of the Indian Territory, at or near where it is crossed by the Canadian River, with the right to construct, use, and maintain such tracks, turn-outs, branches, sidings, and extensions as said company may deem it to their interest to construct.

SEC. 2. That said corporation is authorized to take and use for all purposes of a railway, and for no other purpose, a right of way one hundred feet in width through said Indian Territory, and to take and use a strip of land two hundred feet in width, with a length of three thousand feet, in addition to right of way, for stations, for every ten miles of road, with the right to use such additional ground where there are heavy cuts or fills as may be necessary for the construction and maintenance of the roadbed, not exceeding one hundred feet in width on each side of said right of way, or as much thereof as may be included in said cut or fill: *Provided*, That no more than said addition of land shall be taken for any one station: *Provided further*, That no part of the lands herein authorized to be taken shall be sold by the company, and they shall not be used except in such manner and for such purposes only as shall be necessary for the construction and convenient operation of said railway, telegraph, and telephone lines, and when any portion thereof shall cease to be used, such portion shall revert to the nation or tribe of Indians from which the same shall have been taken.

SEC. 3. That before said railway shall be constructed through any lands held by individual occupants according to the laws, customs, and usages of any of the Indian nations or tribes through which it may be constructed, full compensation shall be made to such occupants for all property to be taken or damage done by reason of the construction of such railway. In case of failure to make amicable settlement with any occupant, such compensation shall be determined by the appraisement of three disinterested referees, to be appointed one (who shall act as chairman) by the President, one by the chief of the nation to which said occupant belongs, and one by said railway company, who, before entering upon the duties of their appointment, shall take and subscribe, before a district judge, clerk of a district court, or United States commissioner, an oath that they will faithfully and impartially discharge the duties of their appointment, which oath, duly certified, shall be returned with their award to and filed with the Secretary of the Interior within sixty days from the completion thereof; and a majority of said referees shall be competent to act in case of the absence of a member, after due notice. Preamble.

Whereas under the rulings of the General Land Office the extension into Dakota Territory, now States of North Dakota and South Dakota, of the limits of the grants of land made by Congress to aid in the construction of the several lines of railroad now owned by the Saint Paul, Minneapolis and Manitoba Railway Company was denied, and in consequence of said rulings lands within the limits of the said grants in the said States have been claimed, settled upon, occupied, and improved by numerous persons in good faith under color of title or of right to do so derived from the various laws of the United States relating to the public domain, and are now claimed by them, their heirs, or assigns, and many of said lands have actually been patented to such occupants or to their grantors; and

Whereas under recent construction of said grants the said occupants, improvers, or purchasers, are liable to be evicted from their holdings: Now, therefore, for the purpose of relieving the said occupants, improvers, and purchasers of the said granted lands from the hardship of being now deprived of the same under the circumstances aforesaid,

or compel the investigation of parties and witnesses," and that "the authority for such an examination must proceed from Congress:" Therefore,
